AGENDA

1 OPENING, WELCOME, KARAKIA

2 APOLOGIES AND LEAVE OF ABSENCE

Recommendation

That apologies be accepted.

3 PUBLIC FORUM

- 3.1 Te Tau Ihu Dark Sky Committee - Sean Walker..... 4
- 3.2 Golden Bay Cycle and Walkways Society - Chris Bennett 5
- 3.3 Gordon Mather on behalf of Mohua/GB U3A Astronomy Group and Friends of Golden Bay 6
- 3.4 Karen Brooks 7

4 DECLARATIONS OF INTEREST

5 LATE ITEMS

6 CONFIRMATION OF [MINUTES](#)

That the minutes of the Golden Bay Community Board meeting held on Monday, 12 August 2024, be confirmed as a true and correct record of the meeting.

7 PRESENTATIONS

- 7.1 Long Term Plan Feedback..... 8

8 REPORTS

- 8.1 Discretionary Fund Application 9
- 8.2 Golden Bay Community Special Projects Funding 14
- 8.3 Board Report 23

9 CORRESPONDENCE

Nil

10 CONFIDENTIAL SESSION

Nil

11 CLOSING KARAKIA

3 PUBLIC FORUM

3.1 TE TAU IHU DARK SKY COMMITTEE - SEAN WALKER

Report To: Golden Bay Community Board

Meeting Date: 23 September 2024

Report Author: Jess McAlinden, Team Leader - Customer Services

Report Authorisers:

Report Number: RGBCB24-09-1

1. Public Forum / Te Matapaki Tūmatanui

Sean Walker of Te Tau Ihu Dark Sky Committee will speak in public forum regarding an application for Kahurangi Park to obtain dark sky designation.

2. Attachments / Tuhinga tāpiri

Nil

3.2 GOLDEN BAY CYCLE AND WALKWAYS SOCIETY - CHRIS BENNETT

Report To: Golden Bay Community Board
Meeting Date: 23 September 2024
Report Author: Jess McAlinden, Team Leader - Customer Services
Report Authorisers:
Report Number: RGBCB24-09-8

1. Public Forum / Te Matapaki Tūmatanui

Chris Bennett from Golden Bay Cycle and Walkways Society will speak in public forum regarding the concept design which the group have prepared for extending the shared path from Pohara to Port Tarakohe to protect pedestrians and cyclists.

2. Attachments / Tuhinga tāpiri

Nil

3.3 GORDON MATHER ON BEHALF OF MOHUA/GB U3A ASTRONOMY GROUP AND FRIENDS OF GOLDEN BAY

Report To: Golden Bay Community Board
Meeting Date: 23 September 2024
Report Author: Jess McAlinden, Team Leader - Customer Services
Report Authorisers:
Report Number: RGBCB24-09-2

1. Public Forum / Te Matapaki Tūmatanui

Gordon Mather will speak in public forum on behalf of Mohua/GB U3A Astronomy Group and Friends of Golden Bay Inc, regarding support for the proposal for Conferring Dark Sky status on Kahurangi National Park.

2. Attachments / Tuhinga tāpiri

Nil

3.4 KAREN BROOKS

Report To: Golden Bay Community Board
Meeting Date: 23 September 2024
Report Author: Jess McAlinden, Team Leader - Customer Services
Report Authorisers:
Report Number: RGBCB24-09-9

1. Public Forum / Te Matapaki Tūmatanui

Karen Brooks will speak in public forum regarding the Tākaka wastewater ponds at Haldane Road.

2. Attachments / Tuhinga tāpiri

Nil

7 PRESENTATIONS

7.1 LONG TERM PLAN FEEDBACK

Report To:	Golden Bay Community Board
Meeting Date:	23 September 2024
Report Author:	Pip Jamieson, Principal Planner - Strategic Policy
Report Authorisers:	
Report Number:	RGBCB24-09-3

1. Presentation / Whakatakotoranga

A review is to be undertaken the Council's development, communications, decision making and production of the Tasman 10 Year Plan 2024-2034 (Long Term Plan/LTP) to identify recommended improvements and changes for future LTPs.

The review aims to:

- identify the minimum required by legislation, and only add key priorities for the community;
- develop a process that is workable, effective and efficient for staff, councillors and the community; and
- ensure the preparation is not limited to a three-yearly exercise but is a continuous process with inbuilt reviews.

To undertake this work, Council have engaged a company Localise to do this.

Gael and Alison from Localise are wanting feedback from Community Boards about what worked, what didn't work, and what changes they are recommended from their perspective of having input into the LTP process recently conducted.

2. Attachments / Tuhinga tāpiri

8 REPORTS

8.1 DISCRETIONARY FUND APPLICATION

Report To:	Golden Bay Community Board
Meeting Date:	23 September 2024
Report Author:	Jess McAlinden, Team Leader - Customer Services
Report Authorisers:	
Report Number:	RGBCB24-09-4

Summary

The Golden Bay Community Board has received one application to the Discretionary Grants Fund for September 2024.

There is an annual sum of \$3905.00 allocated to the Golden Bay Community Board Discretionary Grants Fund. A balance of \$7,413.06 was brought forward from the 2023/2024 year, bringing the total funds available for distribution to \$11,318.06.

The following applicants and organisations have received funding from the Golden Bay Discretionary Fund in the 2024/2025 financial year:

Organisation	Granted	Meeting Date
Big Brothers Big Sisters Nelson Tasman	\$500.00	August 2024
Golden Bay Boys & Girls Show	\$500.00	August 2024

To date, a total of \$1,000 has been disbursed in the current 2023/2024 financial year, leaving a remaining balance of \$10,318.06 available.

That the Golden Bay Community Board

- receives the Discretionary Fund Application report ; and
- grants or declines applications as follows:

Applicant	Request	Grant/Decline
Golden Bay Pottery Club	\$500.00

A new application has been received.

Name of organisation*

Golden Bay Pottery Club

Address

84 Commercial st, Takaka

Contact person*

Kitty Molloy

Contact phone*

Provided with application

Email address*

Provided with application 1

What is the purpose of your organisation?

To provide an inclusive arts space for locals to increase their artistic confidence and skills whilst enhancing their sense of community belonging and psychosocial wellbeing through making pottery. Our members have 24/7 access to the pottery studio.

Amount applied for - up to \$500

\$500

Details of the project to be funded

Purchasing of a replacement kiln. We have one kiln and it is old and in need of repair.

Please provide a detailed budget or quote for your funding application.

Quote-QU1245-1.pdf - [Download File](#) - *You must be logged in to view this file*

Benefits - Who or what will benefit from the project in the Golden Bay community?

Club members, youth groups, the home school community, Te Whare Mahana residents, ceramic students. We have a waiting list of 18months-2 years.

Describe any voluntary time and any other funding contributions received for this project

The club is 100% volunteer led. This includes members running free workshops for marginalised youth and residents of the local mental health facility. We have so far raised \$5245 from a combination of successful funding applications and internal fund raising.

Who else have you asked for funding for this project?

Pupu Hydro Society, Fresh Choice, Golden Bay Community Trust, Trash Palace,.

Bank account number

Terms

Deposit \$2500 Payable on acceptance of quote, with balance due on completion of the kiln.
Lead time for kilns up to 12 weeks.

Bank Details for payments 02-0876-0166937-000

Goods will be shipped once payment in full has been received.
Ownership of goods will then be transferred to the purchaser.

Buy New Zealand made and have peace of mind with spare parts, repairs and advice for all Cobcraft Kilns.

8.2 GOLDEN BAY COMMUNITY SPECIAL PROJECTS FUNDING

Information Only - No Decision Required

Report To:	Golden Bay Community Board
Meeting Date:	23 September 2024
Report Author:	Lynne Hall, Horticultural Officer - Motueka & Golden Bay
Report Authorisers:	Grant Reburn, Reserves and Facilities Manager
Report Number:	RGBCB24-09-5

1. Purpose of the Report / Te Take me te Pūrongo

- 1.1 This report is to provide information to the Community Board to assist in decision making around the special projects fund. Staff have not made any recommendations.

2. Summary / Te Tuhinga Whakarāpoto

- 2.1 Reserves staff have been requested to assess the feasibility of four projects the Board has identified for potential funding, in conjunction with the community.
- 2.2 Of these projects, one was discussed at the Board meeting of 12 August 2024, and it was resolved that \$10,000 be awarded to the Rockville Pool Committee to contribute towards the pool upgrade.
- 2.3 The three remaining projects will be discussed in terms of their proposed establishment costs, ongoing costs and general practicalities of delivery.
- 2.4 Up to date financial information has been requested from the Finance team, and it is anticipated this will be circulated to the Board prior to the meeting.

3. Recommendation/s / Ngā Tūtohunga

That the Golden Bay Community Board

- receives the Golden Bay Community Special Projects Funding report RGBCB24-09-5; and**
- acknowledges the information within the report to assist in decision making for funding the projects.**

4. Background / Horopaki

- 4.1 The Golden Bay Community Board has funding available for four proposed special projects for the 2024/25 financial year.
- 4.2 Reserves staff have been requested by the Board to provide information about the projects and whether they are feasible eg what other costs to Council could be incurred, practicalities of delivery, ownership and so forth.
- 4.3 The proposed projects (excluding Rockville Pool) are:

- 4.3.1 Replacing the wooden fence outside 44-50 Commercial Street
- 4.3.2 Contributing towards Pakawau playground development
- 4.3.3 Funding towards construction of a tunnel house for the hanging basket volunteer group

5. Analysis and Advice / Tātaritanga me ngā tohutohu

5.1 Project 1 – Replace the wooden fence outside 44-50 Commercial St

- 5.1.1 The fence is quite prominent on Commercial St. It is untidy and in disrepair.
- 5.1.2 Replacing the railings and palings in the same style as the existing fence is estimated to cost \$3,450 if treated pine is used for palings; or \$5,130 if hardwood palings are preferred by the Board. Traffic management is expected to be a minimum of \$2,000
- 5.1.3 The fence is on road reserve and roading staff have stated they do not have an interest in, nor budget for, the fence upgrade or ongoing maintenance. They have also indicated they would like an agreement drawn up to specify the Golden Bay Community Board takes on the maintenance and upkeep of any replacement fence or structure.
- 5.1.4 The risks associated with the upgrade are predominantly around damage due to vandalism or accidental vehicle damage.

5.2 Project 2 Contribution to Pakawau Playground

- 5.2.1 There are two potential locations for a playground, neither of which are ideal, and both would require consultation with iwi and neighbours. Also, it is likely a resource consent would be required as both locations are within the Coastal Environment Area.
- 5.2.2 Estimated cost would be in the vicinity of \$80,000 for a swing and play tower, and installation, plus consent costs (est \$5,000).
- 5.2.3 A picnic table or seating to accompany play equipment would be desirable at an additional cost of around \$3,000 installed.
- 5.2.4 Ongoing maintenance, est \$6-800/annum
- 5.2.5 It is unlikely that staff would get this completed this financial year, which would need to be factored into any commitment from the Community Board.
- 5.2.6 There is approximately \$50,000 in the Golden Bay Playgrounds account that could be available for a new playground.

5.3 Project 3 Funding towards construction of a tunnel house for the hanging basket volunteer group

- 5.3.1 The original shade house on the Community Gardens land was removed last year due to land ownership/lease changes.
- 5.3.2 The hanging baskets are an asset to Tākaka and Collingwood and a shade house is essential if the programme is to continue.
- 5.3.3 A site has not yet been identified for this purpose.

- 5.3.4 The shade house is only used for a few months of the year and the volunteer group and Council are seeking to find a location where the shade house could be utilized for the rest of the year by the landowner. A MOU would be required outlining the agreement between all parties.
- 5.3.5 The estimated cost to construct one 30m² shade house is \$6850 not including any water attachments, benches etc. The volunteers have indicated they would prefer at least 50m² of protective area, therefore, overall construction estimate could be around \$13,000 including incidentals. Inviting two or three quotes could reduce this amount.
- 5.3.6 A 30m square construction would not require a building consent, therefore 2 smaller structures may be the best option, although this would need to be further investigated.
- 5.3.7 Ongoing maintenance is expected to be minor.
- 5.3.8 The main risks associated with this project are around the ongoing commitment of the volunteers, and the location being secure in terms of longevity.
- 5.4 It is suggested that if funding is allocated to any of these projects, a contingency of 10% is factored in. Any underspend can be returned to the Community Board funding pool for future projects.

6. Options / Kōwhiringa

6.1 The advantages and disadvantages of each project are outlined in the following table.

Option		Advantage	Disadvantage
1.	Replace wooden fence	Aesthetic improvements	No real disadvantage other than who will take on maintenance
2.	Pakawau playground	A play space for local Pakawau residents and visitors	Cost to install and maintain. Potential locations are not ideal.
3.	Hanging basket shade house	Retain the baskets that provide colour and vibrancy over summer	Costs of structure/s not on Council land. Loss of hanging baskets to Golden Bay if not viable.

7. Legal / Ngā ture

7.1 The shade house/s may require a building consent – although this can probably be avoided if structures are under 30m². Play equipment is likely to need a resource consent.

8. Iwi Engagement / Whakawhitiwhiti ā-Hapori Māori

8.1 Engagement would not be required for projects 1 & 3 but would be necessary for Project 2, (Playground). Options to locate a playground in Pakawau are very limited and the areas that

could be considered are within the Cultural Overlay. Also, the locations are within the Coastal Environment Area, likely to require a resource consent, and iwi consultation would be part of that process.

9. Significance and Engagement / Hiranga me te Whakawhitiwhiti ā-Hapori Whānui

	Issue	Level of Significance	Explanation of Assessment
1.	Is there a high level of public interest, or is decision likely to be controversial?	medium	These are all projects of interest to the community
2.	Are there impacts on the social, economic, environmental or cultural aspects of well-being of the community in the present or future?	low	Predominantly social as the projects are of benefit to the community
3.	Is there a significant impact arising from duration of the effects from the decision?	no	
4.	Does the decision relate to a strategic asset? (refer Significance and Engagement Policy for list of strategic assets)	no	
5.	Does the decision create a substantial change in the level of service provided by Council?	no	
6.	Does the proposal, activity or decision substantially affect debt, rates or Council finances in any one year or more of the LTP?	no	
7.	Does the decision involve the sale of a substantial proportion or controlling interest in a CCO or CCTO?	no	
8.	Does the proposal or decision involve entry into a private sector partnership or contract to carry out the deliver on any Council group of activities?	low	Location of shade house would require a M.O.U.
9.	Does the proposal or decision involve Council exiting from or entering into a group of activities?	no	
10.	Does the proposal require particular consideration of the obligations of Te Mana O Te Wai (TMOTW) relating to freshwater or particular consideration of current legislation relating to water	no	

	Issue	Level of Significance	Explanation of Assessment
	supply, wastewater and stormwater infrastructure and services?		

10. Communication / Whakawhitiwhiti Kōrero

- 10.1 As the projects have been socialised with the Community to obtain feedback on the preferred projects, there should already be a level of engagement and awareness within the community.
- 10.2 If the playground is to proceed, there will need to be consultation with neighbours and the community around play equipment installed.
- 10.3 There will need to be a level of engagement around the shade house location, and a MOU will be necessary to agree the terms of use.

11. Financial or Budgetary Implications / Ngā Ritenga ā-Pūtea

- 11.1 The financial implications are predominantly for the Community Board who assign budget to projects if they deem them worthy.
- 11.2 There is funding available for playground upgrades in the Playgrounds account that could be utilized for a playground in Pakawau, that together with a funding contribution from the Community Board, could see this project come to fruition. Depending on the playground design and equipment, there could still be a shortfall of budget.
- 11.3 Ongoing costs to Council would be predominantly around maintenance of the various facilities, other than the Commercial Street fence upgrade – which is yet to be determined.

12. Risks / Ngā Tūraru

- 12.1 Risks have been identified in the analysis part of the report (5.)
- 12.2 There is a small reputational risk to the Community Board if none of the projects were to proceed as they have been socialised with the Community, however, due diligence by the Board is preferable to not proceeding.

13. Climate Change Considerations / Whakaaro Whakaaweawe Āhuarangi

- 13.1 None of the three proposed new projects are expected to have an impact on climate change.

14. Alignment with Policy and Strategic Plans / Te Hangai ki ngā aupapa Here me ngā Mahere Rautaki Tūraru

- 14.1 These projects align with the Guide to Tasman District Council, Local Governance Statement particularly around community wellbeing and development.

Aligns with TDC Policy on Community Boards Special Projects Fund, although the amounts required will exceed \$5,000 as identified in 11.1. Also, it is unlikely that the Pakawau playground project would be completed this financial year.

15. Conclusion / Kupu Whakatepe

15.1 This report is intended to provide information about the proposed special projects to assist the Board in making decisions to proceed the projects - and the amount of funding they would contribute to each project.

16. Next Steps and Timeline / Ngā Mahi Whai Ake

16.1 Depending on the outcomes of the Board's decisions, staff will work with assigned Board members, community members and those directly associated with the projects to bring them to fruition.

17. Attachments / Tuhinga tāpiri

1. [↓](#) Potential Locations for Pakawau Play Equipment

20

Potential Locations for Pakawau Play Equipment

Option 1 Road Reserve 1144 Collingwood Puponga Main Road.

Would require an agreement with TDC roading (they are amenable for this area to be used for play equipment). Narrow site with limited roadside parking. Has beach access.

Option 2 Tomatea Point Recreation Reserve/Pakawau Esplanade Reserve.

Adjacent to dunes, not particularly appropriate for this location, particularly the esplanade reserve. Has beach access.

8.3 BOARD REPORT

Decision Required

Report To: Golden Bay Community Board

Meeting Date: 23 September 2024

Report Author: Abbie Langford, Chair

Report Authorisers:

Report Number: RGBCB24-09-6

1. Summary / Te Tuhinga Whakarāpotō

1.1 The Board Report is attached for inclusion in the Agenda

2. Recommendation/s / Ngā Tūtohunga

That the Golden Bay Community Board receives the Board Report RGBCB24-09-6.

3. Items from the previous Public Forum

3.1 At the previous meeting held on 12 August 2024, the Board heard the following presentations in Public Forum:

Speaker	Topic	Outcome
Angela Lees	Mohua Blue Penguin Trust	The item was noted.
Duncan Carvaye	Hanging Flower Basket update	The item was noted.

4. Draft Bylaw Consultation Submissions

4.1 The Board met to discuss and collate submissions to the following Draft Bylaws:

4.1.1 Public Water supply Bylaw Review

4.1.2 Public Place Bylaw Review

4.1.3 Cat Management Bylaw

4.1.4 Dog Control Bylaw Review

4.1.5 Navigation Bylaw Review

4.2 A combined document of all submissions is attached. (Attachment one)

5. Representation Review Submission

- 5.1 The Board made a submission to the Representation Review in support of the Council position, and strongly encouraged retention of Community Boards and two ward Councillors for Golden Bay, and supported the adoption of a Māori ward.

6. Siren Gold

- 6.1 The members of the Golden Bay Community Board met with the Managing Director/CEO and the Technical Director of Siren Gold on Friday 30th August 2024. Group Manager – Environmental Assurance Kim Drummond joined the meeting on line.
- 6.2 The Board acknowledges that the prospect of a mine in the area is of significant concern to many in the community. While the fast track consent process is such that the Board and community are excluded from consultation, the Board will continue to stay in contact with Siren to make sure we understand any developments in this project.
- 6.3 Two days prior to the meeting, Kim and other Council staff had participated in a meeting between Siren Gold and key regulatory agencies, organised by New Zealand Petroleum and Minerals, to discuss progress with exploratory permits for Sams Creek and Barren Flats.
- 6.4 That meeting was in accordance with Section 33D of the Crown Minerals Act that provides that annual review meetings are held to, amongst other things, provide for the monitoring of permit holder's progress against the work programme for the permit.
- 6.5 As such, much of the discussion with the Board was based on the information that had been tabled and discussed two days earlier.
- 6.6 The Siren Gold team advised that they have a joint venture partner in the Sams Creek/Barren Flat operations in the form of Oceana Gold (18.1%). They have fully divested their interests in gold mining at Reefton to Rua Gold.
- 6.7 They expect to be lodging an application for a mining permit following the expiry of their Exploratory Permit on 25 March 2025. This application for a mining permit could potentially be lodged to cover all of their mining interests in the area (including Barrons Flat). Before that time they are intending to drill some deeper exploratory holes to test what appear to be particularly encouraging results in one part of the exploratory area.
- 6.8 They indicate that they are looking for evidence that the mineral resource is greater than currently indicated for the project to be deemed viable.
- 6.9 As previously indicated, Siren Gold have applied to be included on a Schedule to the Fast-Track Consenting Bill on the basis that it will provide a one stop shop for any application. The Select Committee considering that Bill is due to report back on 18th October.

7. Waitapu Bridge Reserve Toilet

- 7.1 Discussion amongst the Board previously indicated a desire to have the toilet located at Waitapu Bridge reserve remain and be maintained. The following response was received from Reserves staff regarding this request:

7.1.1 "To confirm our conversation recently regarding the toilet facility at the Waitapu Bridge Reserve. As Waka Kotahi have indicated they don't wish to pay for the toilet facility servicing on the site and are keen for it to be removed.

7.1.2 *Parks and Reserve do not have the necessary funding to maintain and or clean the toilet at the Waitapu Bridge Reserve. The annual cost to maintain and clean the toilet on an annual basis is approximately \$10,000.*

7.1.3 *It is proposed that as Council initially installed the facility and associated tanks that we will cover the removal and remediation one off costs.”*

8. Action Sheet

8.1 The Action Sheet from the meeting held on 12 August 2024 is attached for inclusion in the agenda. (Attachment two)

9. Financial Report

9.1 Due to timing around the end of financial year, there is no Financial Report for this meeting.

10. Attachments / Tuhinga tāpiri

Golden Bay Community Board

Tasman District Council

27 August 2024

Tasman District Council
haveyoursay@tasman.govt.nz

Good afternoon,

Re: Bylaws submission from Golden Bay Community Board

The Golden Bay Community Board (Board) thanks the Council for providing an opportunity to submit on the bylaws due on 27 September 2024.

The Board wish to make the following comments on the three matters below.

Public Water supply Bylaw Review:

- The Board supports the proposals as presented
- There could be greater clarification of what statutory obligations the Council have, in areas such as the chlorination and filtration of the water supply.

Public Place Bylaw Review:

- There is a need for clarity on the placement criteria for the use of sandwich boards in the range of different pedestrian areas such as the connections of ally ways, pathways, and established pedestrian footpaths, where businesses are located up the alleyways or pathways.
- An inclusive approach that provides for the placement and use of sandwich boards across the different settings of the Golden Bay Ward is needed
- Provide clarity on the definition of an *Authorised Officer* and how they might operate in the Golden Bay community i.e. will they be in Golden Bay
- Provide clarity on appropriate places for busking and the criteria applied to consider whether if an activity is considerate and does not cause public disruption or disturbance. E.g. loud techno or drums.
- Value inclusive public spaces which will enable people to move around in a safe way.

Cat Management Bylaw:

- The Board strongly supports the proposed bylaw as presented
- Encourage the Council to explore approaches to keeping cats indoors at night and how that might be achieved
- The Board acknowledges the good work completed to date on encouraging good cat ownership practices and encourages that work to continue

Golden Bay Community Board

Tasman District Council

- Encourage the local government and central government sectors to proactively work together to develop a cohesive approach to cat management, including the human and environmental impact of Toxoplasmosis.

The Board would like to send a representative to speak to the above matters at the relevant hearings.

Please contact me on abbie.langford@tasman.govt.nz for further information or if you have any questions.

Nāku noa, nā,

Abbie Langford

Golden Bay Community Board Chair

Golden Bay Community Board

Tasman District Council

27 August 2024

Tasman District Council
haveyoursay@tasman.govt.nz

Good afternoon,

Re: Bylaws submission from Golden Bay Community Board

The Golden Bay Community Board (Board) thanks the Council for providing an opportunity to submit on the Dog Control Policy & Bylaw Review.

The Board wish to make the following comments on the matter below:

- The Board strongly supports the proposed bylaw as presented
- Would like to emphasise the need for greater collaboration and integration between the local government and central government sectors, on the development of a co-ordinated approach to dog control measures
- Notes that Councillor Celia Butler has declared a conflict on interest on this specific submission due to position as a hearings panel member.

The Board would like to send a representative to speak to the above matters at the relevant hearings.

Please contact me on abbie.langford@tasman.govt.nz for further information or if you have any questions.

Nāku noa, nā,

A handwritten signature in blue ink that reads "Abbie Langford".

Tasman District Council
haveyoursay@tasman.govt.nz

Good afternoon,

Re: Bylaws submission from Golden Bay Community Board

The Golden Bay Community Board (Board) thanks the Council for providing an opportunity to submit on the Proposed Navigation Safety Bylaw 2024.

The Board wish to make the following comments on the matter below:

- The Board strongly supports the proposed bylaw as presented
- Would like to emphasise the need for greater collaboration and integration between the local government and central government sectors, on the development of a co-ordinated approach to maritime navigation regulation and management
- Notes that Councillor Celia Butler has declared a conflict on interest on this specific submission due to position as a hearings panel member.

The Board would like to send a representative to speak to the above matters at the relevant hearings.

Please contact me on abbie.langford@tasman.govt.nz for further information or if you have any questions.

Nāku noa, nā,

Abbie Langford
Golden Bay Community Board Chair
