Motueka Community Swimming Pool Committee

19 May 2025

Submission to the Tasman District Council Annual Plan 2025/26

Section 15 - Changes to the Capital Program - Motueka Aquatic Centre

We would like to express our thanks and support for the bringing forward of \$1m into the 2025/26 Plan. While not altering the total amount designated for this project under the Long Term Plan, it does allow the necessary design and contracting work to be undertaken now. This is important in preparation for the funding allocated in the LTP in years 3-5 to complete the project.

The work being undertaken by TDC staff and through the Project Advisory Group is ensuring that the next phase of ROI/RFT can be kicked off as soon as this plan allocation is confirmed.

The community share of funding at \$4.4m is a significant amount and work is almost complete towards relaunching the fundraising campaign for the Motueka Aquatic Centre in tandem with the plan allocation.

A covered and heated swimming facility will be utilised by a wide range of residents in Motueka and surrounding communities and we greatly appreciate the support through TDC with the purchase of land in King Edward Street, inclusion in the 2024-34 annual plan, staff resources to make it happen and now bringing forward this budget allocation.
