12 hours | Face-to-face or hybrid

NZQA Standards: 6402, 6401, 6400

This course is one we recommend for all workplaces, but particularly for those in high-risk industries. You will gain the practical skills and knowledge needed to confidently provide first aid in emergencies, whether at work or home.

Sports First Aid Kit in Black Carry Case

A sturdy and practical first aid kit designed specifically with sport and fitness in mind.

8.3 BOARD REPORT

Information Only - No Decision Required

Report To:	Motueka Community Board
Meeting Date:	17 June 2025
Report Author:	Terina Graham, Chair
Report Authorisers:	John Ridd, Group Manager - Service and Strategy
Report Number:	RMCB25-06-3

1. Mihi / Welcome

‘E ngā Whatukura, e ngā Māreikura, tēnā koutou katoa’

Welcome acknowledging the masculine and feminine energies

2. Recommendation/s / Ngā Tūtohunga

That the Motueka Community Board

- receives the Board Report RMCB25-06-3.**

3. Enforcement Workshop outcomes

- Enforcement Workshop with Mr Drummond, Leith Townsend and John Ridd was held Friday 30 May. The Board expressed concern with feedback regarding enforcement department engagement in community, and how bad experiences are often shared which increases poor perception of the department and the Council.
- The Board has been a strong advocate for improving the Council’s culture. We are aware of many positive, hardworking and empathetic staff across council and would like to see this behaviour emulated throughout.
- The Board recognises the role of the Enforcement Department and is to apply and uphold the Council’s rules and legislation. Our issue is with conduct and importance of applying discernment.

4. Community Wellbeing Solutions - Campaign

- Homeless awareness campaign** was successful in generating conversation, providing direct contact lines for those looking for help and hopefully raised community awareness.
- Chair and Deputy will go through the papers and get key people together for next steps.
- Sadly, the local paper hasn’t covered any of the Boards wellbeing initiative (as of 9 June).
- The Chair attended a hui with the ‘Nelson Tasman Vulnerable Housing Network’, they are mainly focused on Nelson, but aim to link more with Motueka, realising the different needs. They have a network of over 60 organisations. Shared stats: 739 people in the district

needing affordable housing in addition to 261 Nelson and 149 Tasman applicants for public housing.

5. Items from Board Members

- 5.1 **Residential road resurfacing and maintenance** query if TDC have budgeted for possible five yearly resurfacing of some residential streets damage due to heavy goods vehicles (50 tonne) using residential streets since the clock tower roundabout was established.
- 5.1.1 What remedy can residents seek where homes have suffered damage (structural cracking) Can resident's claim on TDC or NZTA insurance?
- 5.2 **Update from Councillors** – Council services at risk of impacting community.
- 5.3 Any other items

6. Items from Public Forum

- 6.1 **Discussion on today's public forum:**
- 6.2 Update on last board meetings public forum:
- 6.2.1 **Ross Loveridge** response included: Most of the Board is in support of council's proposal to bring the \$1million forward into next financial year, as this has been a well over-extended project. The Boards submission will support in bringing funding forward.
- 6.2.1.1 Response to name change 'Motueka Aquatic Centre'.
- 6.2.1.2 Formally no consistent name used, a variety of names used over the years.
- 6.2.1.3 The facility will be more than a "swimming pool" with learn to swim and hydrotherapy key focusses. The name reflects the wide range of uses.
- 6.2.2 **Mr Kevin Fourie** expressed disappointment with rates increases and potential decrease of services, thoughts shared by many around the table and in community.
- 6.2.3 **Mr Ray Hellyer** noted a staff member chose a poor description to refer to tiny homeowners, these incidents reinforce the ongoing concerns community have regarding 'council culture'. Noted the poor sound quality within the library meeting room for purposes of Board meeting.

8.4 SPECIAL PROJECTS UPDATE

Information Only - No Decision Required

Report To:	Motueka Community Board
Meeting Date:	17 June 2025
Report Author:	Steve Elkington, Senior Road Engineer

1. Summary / Te Tuhinga Whakarāpoto

- 1.1 To provide an update on Motueka Community Board special projects, **Attachment 1** to the agenda report.
- 1.2 To consider approving \$3,600 (excluding GST) towards the Primmer Service Lane project, from the Special Projects Fund.
- 1.3 To formally note that the Motueka Bridge welcome sign project that was approved at the 21 May 2024 Motueka Community Board meeting is being removed as a 2024-2025 project after conversations with NZTA:

2024-2025 Projects

- f) *Historical wharf restoration work contribution - \$10,000*

- j) *Concrete pads extension under seating at Motueka River x 2 tables \$5,000; and*

2. Recommendation/s / Ngā Tūtohunga

That the Motueka Community Board

1. **receives the Special Projects Update report RMCB25-06-4; and**
2. **grants the amount of \$3,600 (excluding GST), from the Motueka Community Board Special Projects Fund, towards the formation of the garden and plantings for the Primmer Service Lane project; and**
3. **notes that the Motueka Bridge welcome sign project has been removed from the 2024-2025 projects list that was approved at the 21 May 2024 Motueka Community Board meeting and the amount of \$15,000 will remain in the Special Projects Fund.**

3. Board Special Projects

- 3.1 **Attachment 1** to the agenda report.

4. Primmer Service Lane Project – background

- 4.1 CJ Industries, a local Motueka Contractor, reconstructed the old gravel carpark behind the Motueka Hotel a few years ago but the job was not completed which has caused health and safety issues with the height difference between the concrete carpark and the laneway.
- 4.2 An agreement has been reached between both parties (The Motueka Hotel and CJ Industries), so the carpark access can be completed and the end of the lane cleaned up as it has become very overgrown and is being used as a dumping ground.
- 4.3 The overgrown wooded area is creating issues in the community for residents' walking past this overgrown area (especially in the dark), looking unsightly and causing vermin.

- 4.4 Not complete:

- 4.5 Overgrown areas:

- 4.6 CJ Industries have sealed the end of the laneway.
- 4.7 To improve the lane while CJ Industries were on site, Council officers agreed to the removal of the overgrown area and turning this into a raised landscape plot with timber edging, installing a new standard sump to replace the small yard sump and constructing a new path adjoining the community housing site.
- 4.8 A quote was received from CJ Industries for this work and the costs attributed to appropriate budgets. Since Council's landscape budget is overspent for the landscape area treatment,

and not wanting to miss an opportunity, the proposal to fund the upgrade at the end of the laneway is being put to the Motueka Community Board.

- 4.9 Should the Board consider contributing to funding this project, the Board's contribution will be \$3,600 which is broken down to \$2,500 for the removal of the trees (including stump and vegetation) as well as the disposal of the rubbish dumped in this area. A further \$1,100 is for the supply of soil and mulch to the new garden and strip boarder. These areas will be planted out in Spring.

A wheelchair carousel has been ordered and should be delivered within the next month. This item will be funded by the Motueka Board's special projects fund which had \$30,000 allocated for a carousel in 2022/23. The carousel installation will occur at the same time as the other playground items which depending on supply times and contractor availability is expected to be around May this year.</i> 18/04 Carousel purchased, staff working on layout design 09/05 Staff to share design with Members prior to the May meeting and will be present for feedback 16/05 Initial design plan presented to Members 12/06 Update from Grant, following presentation to Board in May further incorporation of playground elements will continue. Through this information we will be able to put together a preliminary cost and present this back to the board for approval. Typically we would allocate between 15% and 30% contingency for a project which would cover any variations and cost escalations – this would be incorporated into the overall project budget but only spent on items above and beyond the initial estimates. We would expect that most of the risks would be realised fairly early on in the construction process and can provide regular budget updates</p> <p>16/04 Tony Strange to provide feedback about costings for the accessible playground at Decks Reserve.
