1. Presentation / Whakatakotoranga

David Jerram will make a presentation to the Golden Bay Community Board regarding the proposal for a development of Tata Beach Reserve near the boat ramp.

2. Attachments / Tuhinga tāpiri

1. ↓	Tata Sculpture and Landscaping Concept Plan	5
2. ↓	Tata Sculpture Project	6

NEW LANDSCAPED AREA CREATES A VISUALLY PLEASING END TO PETERSEN ROAD, TIDYING UP WHAT IS CURRENTLY AN UNTIDY, SCRAPPY AREA

ACCESS MAINTAINED TO BEACHFRONT TO DEPOSIT SAND FOR EROSION REPLACEMENT

SIGNS FROM BESIDE BOATRAMP PLACED ON ONE LARGE SIGN BESIDE BOATRAMP BUT PERPENDICULAR TO BEACH SO AS NOT OBSTRUCT VIEWS OF THE BAY

CARPARKS RELOCATED AND TURNED 90 DEGREES. IN THIS LOCATION THEY ARE FURTHER AWAY FROM EROSION ISSUES

NEW CARPARKS AND LANDSCAPED AREA HAVE NO EFFECT ON BOAT RAMP ACCESS AND CAR MANOEUVERING

CARPARKS IN NEW LOCATION IMPROVES VIEW TO THE BAY FOR THOSE APPROACHING DOWN PETERSEN RD

SCULPTURE TO BE FUNDED BY FUNDRAISING FOR A CHARITABLE TRUST THROUGH THE COMMUNITY, LOCAL AND NATIONAL ORGANISATIONS, ARTS ORGANISATIONS

NEW PICNIC TABLES ON PAVING OR GRAVEL. NEW PLANTING ALONGSIDE BETWEEN TABLES AND BEACH

ACCESS MAINTAINED THROUGH TO BEACH RESERVE FOR MOWERS AND MAINTENANCE OF MAIN SEWER

3 NEW SEATS SURROUNDING SCULPTURE

SCULPTURE LOCATED BACK FROM THE BEACH TO AVOID EROSION ISSUES. DOESN'T OBSTRUCT VIEWS TO THE SEA FROM RESIDENTIAL PROPERTIES

EXISTING NGAIO TREES TRIMMED BACK FOR SCULPTURE AND NEW PLANTING

SCULPTURE DESIGN TO BE THROUGH A NATIONWIDE COMPETITION TO FIND AN EMERGING MAORI ARTIST WHO HAS CONNECTIONS WITH GOLDEN BAY

THE PURPOSE OF THE SCULPTURE IS TO COMMEMORATE THE PRE EUROPEAN SETTLEMENT OF TATA BEACH AS AN IMPORTANT PART OF NZ HISTORY

THE SCULPTURE MAY INCLUDE A QR CODE LINK TO A WEBSITE CONTAINING INFORMATION ABOUT THE INDIGENOUS HISTORY OF TATA BEACH

RESIDENTS HAVE ASKED THAT THE HEIGHT BE KEPT BELOW 4M. MATERIAL CHOICE MUST RESPECT TDC COLOUR AND SELECTIVITY RULES, BE MINDFULL OF MAINTENANCE AND VANDALISM ISSUES

ON COMPLETION, OWNERSHIP OF THE SCULPTURE WILL PASS TO TDC

TATA SCULPTURE AND LANDSCAPING CONCEPT PLAN

TATA SCULPTURE PROJECT

Objectives of the Tata Project

Tata Beach is currently a settlement, primarily of holiday houses set on a beachfront, peninsular and headland. Almost all buildings here have only been established since 1956.

Currently there is no visual recognition of the history of the site and in particular the previous pre European owners / guardians/ occupiers of this area. This is despite there being a substantial monument to Abel Tasman, (who never set foot onshore here), a few kilometres away.

Few owners or visitors at Tata Beach have any significant knowledge of the history of the area.

By commissioning an enduring sculptural work, we want to recognise the many journeys and peoples who have been connected to this bay and this beach. We understand Tata as a place of rest and restoration. We also recognise it as a point in a journey along the coastline, from the sea. Many peoples and tribes have travelled through this area including Ngati Hine, Ngati Tama, Te Atiawa

Our objectives are; -

- To provide a means by which to recognise and respect the history of tangata whenua of Tata Beach.
- To inform current and future occupiers and visitors, of the indigenous history and culture of this location.
- To create an artistic item of beauty which Tata residents can be proud of and identify with.

Sculpture

We are proposing a three-dimensional sculptural form /taonga located in a visually prominent spot at Tata Beach.

We are suggesting an electronic link (eg. QR code) be incorporated into the sculpture that would enable people to link to information about the history of this area. This history could be written and oral and would be developed by Manawhenua. This will also avoid the need for signboards which can be messy and are hard to maintain.

Our thoughts are that this would be an opportunity to give a younger indigenous artist or collective the chance to create this sculpture.

While expressions of interest could be canvassed nationwide, preference would be given to those that have ties with the area.

Consultation with Manawhenua

We have had several meetings with Manawhenua ki Mohua, firstly to discuss and obtain approval in principle for this project and then to discuss further developments.

Manawhenua created a subcommittee to consider the siting of this sculpture with us. We met with this subcommittee at Tata in February 2022 to consider a number of siting options. At this meeting, one site was particularly favoured.

Subsequently, that location has been considered further by Manawhenua and now we have been informed it meets with their approval.

Sculpture Location

We agreed it is critical that the sculpture should be located where it has high public visibility, and for it to be visible from, and connected to, the sea.

Manawhenua representatives agreed that the prime location for the sculpture should be in the reserve area to the south-west of the boat ramp.

In this location, the sculpture would be readily visible, yet out of the way of cars and boats and general access to the boat ramp, and would not interfere with views from any private properties.

Additionally, the subcommittee commented that the beachfront zone of the carpark area in the vicinity of the boat ramp is unattractive, lacks sufficient vegetation and shade, is dominated by cars which block views of the beach and bay, and provides little amenity value for people. They commented that the utilitarian built environment of this area is out of keeping and disrespects the beauty of Tata Beach. We totally agree with these sentiments.

We agree that the setting for this sculpture is important and that we should consider and plan the surrounding context for the sculpture in detail.

Alternative Locations Considered

Alternative locations that were considered included.

- The reserve area near the Petersen Rd entrance to Tata. But this is too close to the toilets to be culturally appropriate.
- The centre island of the carpark. Some Norfolk pines would have to be cut down to accommodate the sculpture. It is also a dynamic site not appropriate for the idea of contemplation from the three seats manawhenua are considering alongside the sculpture.
- North east side of the boatramp. Here there is only a small space available and would potentially affect access to the carparks further along the beach. A sculpture here would also be directly in front of existing houses.
- The reserve on Cornwall Place. There is plenty of space available at this site, however a sculpture located here would have little connection to the beach and sea as the reserve is separated from these by the carpark. Manawhenua feel no particular connection to this site. We also understand that this area was originally made a reserve because it contained too much of archaeological importance to allow ground disturbance.
- A general discussion was had about whether there were other sites along the beachfront that could be possible, but this conversation was brief and not positive.

Ultimately Manawhenua were very clear about their preferred site.

Setting

Therefore, at the site meeting, a discussion arose about the need to consider the setting of the sculpture, and the more general consideration of the aesthetics of the boat ramp/reserve area.

The transition from the sealed area of the street to the beach is currently dominated by carparks. Cars and vans often block views of the beach and sea when approaching down Peterson Rd as do signs around the boat ramp. This is not aesthetically pleasing and is inappropriate considering the beauty of the beach and bay.

The popularity and importance of Tata Beach is rising nationally, above its already high importance as part of the gateway to Abel Tasman National Park.

“Tucked away between better-known stretches of Golden Bay and the quiet northern end of Abel Tasman National Park, this tiny beach town boasts one of the best-looking beaches in the country.”

5 of New Zealand’s most underrated beach towns. Stuff Jan 5th 2022

Other than one picnic table, which sits in full sun on a gravelled surface directly beside carparks. Otherwise there is only one seat on the whole beach reserve where a tree provides shade.

There is no doubt we need to be doing more to enhance the amenities and visual beauty of our key natural locations.

The Proposal

We propose that the sculpture is located in a newly developed, landscaped garden area together with adjusted carparking to the southwest of the boat ramp. This will provide an aesthetically pleasing reserve that doesn’t block views to the bay when approaching the beach.

Expanded seating and picnic tables would enable many more people to utilise this space in a shaded landscaped space while they contemplate the bay and the sculpture.

At the same time a more appropriate organisation of signage would be arranged. At present there is a plethora of untidy signs, randomly attached to posts beside the boat ramp, which are aesthetically unpleasing and which block views of the bay.

Size and materials of sculpture

We anticipate the sculpture will be a substantial visual statement.

Following discussions with residents, the height of the sculpture would be kept relatively low.

The sculpture location, in the Coastal Environment Zone, will to some extent dictate the materials of the sculpture. These will need to be non reflective (not shiny) and comply with colour reflectivity requirements.

The sculpture will be in a harsh marine environment, which will also affect material choice as will the need to be resistant to vandalism.

Integration with the natural environment and existing residential development.

The new landscaped area is an expansion of an existing area of planting and small picnic table space. It is also an expansion of the beachfront grassed reserve to the southwest, although in this vicinity, except for one seat, the area is only used as a walkway.

The only two houses that could be potentially affected by the visual intrusion of a sculpture in this location are properties at 3 & 4 Peninsula Rd. The sculpture would be located between them and the sea. However, large ngaio trees on the western side of the boat trailer parking area will shield the views of the sculpture from these properties as the trees already block the view to the sea.

These ngaio trees form a useful background from which to expand the new landscaped space.

Relationship to boat ramp, roading, access and parking areas.

The proposed design will not interfere with the boat ramp, boat trailer parking spaces, or any car/boat trailer manoeuvring space.

Pedestrian safety in this area will be enhanced by this proposal.

Context with respect to the Tata Beach Reserves Management Plan 2007

The proposal to move the 5 carparks and landscape that space is foreshadowed in the Tata Beach Reserves Management Plan which states; -

“The 2001 management plan proposed that the car parks south of the boat ramp be restored to dune vegetation,…”

After discussions with Petersen Rd residents, several objected to the original proposal to remove the current parking spaces altogether. Instead we have revised the plan to retain carparking and to move the sculpture back further from the beach.

Context with respect to Sea Level rise and Erosion.

Refer to attached plans.

This part of the beachfront, directly beside the boat ramp, is washed out more frequently, and to a greater degree, than other parts of the beach foreshore. To date this erosion has been handled by replacement, tipping sand into this area. As part of the comprehensive redevelopment of the new landscaped area an erosion control plan should be developed to protect this area and the main sewer line that runs through this area.

After discussions with Tata residents and property owners the plan has been revised to pull the sculpture location back further from the beach as have the carparks. Doing this has given a much larger buffer from the beach to both the sculpture and the carparks.

In any event, Council will have to protect this site from erosion to avoid the main sewer being compromised, because damage to the sewer would have significant consequences for houses on the beachfront.

Reports to Council indicate the site will not be affected by a 0.5m sea level rise.

For rises of 1.0 and 1.5m the site would be subject to effects of storm surge but would not be subject to inundation until sea level rise reached between 1.5-2m in height.

Services.

Refer to attached plan.

There is a main Council sewer drain running through this area. The exact location of the sculpture and depth of foundations will have to avoid interference with this drain. Access for future maintenance of the drain will need to be maintained.

Access will be maintained for maintenance of the beachfront reserve to the southwest.

Funding

Sculpture.

It is proposed that this sculpture is funded primarily through private fundraising. This would include approaches to residents, locals, businesses, government and TDC arts funds, Lotto and other charitable organisations.

Funding will be required for initial artists proposals, sculpture commission fee, cost of the sculpture, engineering costs, construction and installation costs, commissioning written and/or spoken information, regulatory costs, food/beverage and koha associated with ceremonial aspects of construction and commissioning of the sculpture.

A charitable trust will be set up to receive funds and make payments.

The organisers of the project will not receive any payment for their time or services which are given pro bono. Any funds surplus to the project requirements would be passed to Council to help pay for landscaping or future maintenance.

Landscaping and Erosion protection.

While we would be prepared to plan and carry out planting work to achieve this landscaped public space, we think TDC staff may consider it inappropriate for our group to dictate exactly what is planned for public land. Therefore, we believe the redevelopment of the carparks and the landscaped public picnic space may have to be a Council responsibility, although we would be happy to contribute by way of organising labour to help with planting etc.

Acknowledgements

Other than the name of the artist/s, (and any writing that is an integral part of the sculpture), there will be no writing or means of recognition on the sculpture other than any decided upon by Manawhenua Ki Mohua.

Ownership and Maintenance

On completion it is proposed that ownership and responsibility for maintenance of the sculpture will be passed to TDC.

Regarding maintenance, given the site is in a highly corrosive and exposed coastal marine environment likely to be subject to inundation at times in the future, we will be mindful of the maintenance, (and anti-vandalism), needs of the sculpture when choosing the design, materials, and designing the foundations. Weathering may also be considered as part of the natural aging process for the sculpture to minimise maintenance requirements.

Consultation

We have had ongoing discussions with manawhenua during the development of these ideas. manawhenua are integral to this project and are kept informed each step of the way.

Manawhenua also arranged an onsite meeting with two direct descendants of the Māori chief of the Tata settlement. These descendants were in favour of the proposal and discussions were held about the relocation of the Tata settlement to Motupipi after the unfortunate loss of 15 people from a waka off the west end of the beach. Following that discussion, there was a suggestion that, as part of this development, two po be placed on either side of the boat ramp, to bless seafarers as they launch their boats.

We have also discussed our concepts with Tata residents and property owners both individually, and at a meeting we held at 17 Peninsula Rd in October 2023.

We have also had individual meetings with all property owners in Petersen Rd.

To date, the majority of feedback from residents has been positive, (with some reservations which have resulted in some changes to the proposal), but some property owners are against the idea.

As a result of feedback, our initial plan has been changed.

These changes retain carparking and pull the sculpture further away from the beach. Some Petersen Rd residents were against losing carparks. Moving these and the sculpture further from the beach protects both from the impacts of erosion and also avoids any conflict of views from Petersen Rd properties.

Timeframe

Consultation processes are likely to continue into early 2026. We anticipate it would then take until mid 2026 to obtain Council approval (should that be forthcoming). Beyond that it would realistically be 2 years to carry out a design competition, fundraise, obtain consents and finish construction and landscaping. Therefore, we could be looking at completion mid 2028 (with TDC landscaping contributions required in the 2027-8 financial year).

Relevant Background information about some of our group

Sophie Jerram

Sophie Jerram is based in Te Whanganui a Tara as an urbanist and curator of social art practices. She was co-founder of Letting Space and Urban Dream Brokerage platforms for artists and communities in cities. She is currently Programme Manager of Wellington City Council's new Aho Tini Strategy and a Research Fellow at Auckland University for the social science project Toi Taiao Whakatairanga working with ngāhere and restorative landscape practices.

Lucy Moore

Lucy Jerram Moore has been an exhibition developer, public programme developer, and kaiarahi at Auckland Art Gallery Toi o Tāmaki, and has worked at Auckland Museum and Te Papa in similar roles. Along with the rest of the family, she was raised in Te Wai Pounamu and has been staying at Tata Beach since the early 1980s.

David Jerram

David founded the architectural practice of Jerram Tocker Barron (now JTB) Architects Ltd, with its' head office based in Nelson and other offices in Auckland, Wellington, Christchurch and Wanaka. David was a consultant on a selection panel for a proposed gateway sculpture for Nelson and has had a lifelong interest in art.

Proposal Summary

The area southwest of the boatramp at Petersen Rd be transformed into a landscaped picnic reserve with tables and seats. The commemorative sculpture will be placed within this reserve.

Details of the project to be funded

Replacement of the "Coastal Birds of Golden Bay" information panel in the car park at the bottom of Elizabeth Street, Collingwood.

Please provide a detailed budget or quote for your funding application.

- Nelson Tasman branch.pdf
- Information Panel Coastal Birds.pdf

Who or what will benefit from the project in the Golden Bay community?

Our coastal shorebirds and seabirds will benefit from this educational sign. It gives the wider Golden Bay community and visitors to Golden Bay the opportunity to learn about our coastal wildlife.

Describe any voluntary time and any other funding contributions received for this project

The images for the panel were donated by Keith Woodley, New Zealand's Bar-tailed godwit expert, design of the panel was done by Cynthia McConville (Forest and Bird) while the selection of species was provided

by ornithologist David Melville (Ornithological Society of New Zealand). The Golden Bay branch funded and installed the posts that the information panel will be mounted on.

Have you asked anyone else for funding for this project?

No

Have you included any confidential information in your application or supporting documents that should only be shared with Board members and not made public?

No

Coastal Birds of Golden Bay

Arctic Migrants

These birds migrate here after breeding in the Arctic, arriving here from early September. For the bar tailed godwit this means a non-stop flight of up to 12,000 kilometres from Alaska. Once here they moult and double their weight in preparation for their next departure North in March. After the main flocks leave there are always birds that stay during the winter. Most are young godwits and knots that are not ready to breed.

- NT** Not Threatened

Residents

Some birds breed here and are resident all year. Many of our seabirds and shorebirds nest on the sandy shoreline while our shags and herons choose rocky outcrops or mature trees.

Parekareka Spotted Shag

Karoro Black-backed Gull

Tarapuka Black-billed Gull

Tarapunga Red-billed Gull

Torea Pango Variable Oystercatcher

Matuku Moana White-faced Heron

Tūhūwhakaha Banded Dotterel

Golden Bay Community Board Discretionary fund

Use this form to apply for a grant from the Golden Bay Community Board.

Applicant details

Organisation name Living Wood Fair Inc.

Postal Address Section 7(2)(a) - Protection of Privacy

Contact person Sarah Hanby

Phone Number Section 7(2)(a) - Protection of Privacy

Email Section 7(2)(a) - Protection of Privacy

What is the purpose of your organisation?

Create events that offer a platform for different groups, industries and individuals to connect and discuss ways of improving environmental impact through forestry, building and land use.

Offer educational opportunities for young and old that include workshops, demonstrations and presentations featuring wood based arts, crafts and creative skills.

Develop and nurture a community of individuals, businesses and organisations that focus on awareness of environmental issues and solutions.

Bank account number for you organisation: Section 7(2)(a) - Protection of Privacy

Grant details

Amount applied for - up to \$500 500

Details of the project to be funded

3 community events aligning with the Living Wood Fair purpose, and raising funds and awareness for the Main Living Wood Fair 2 day event 2027. First event: a mini Living Wood Fair 9th May with talks on environmental protection, creative hands-on workshops, inspiring demonstrations, kids activities and live music. 2nd event, a smaller music event, and a 3rd event with crafting workshops and demonstrations.

Please provide a detailed budget or quote for your funding application.

Who or what will benefit from the project in the Golden Bay community?

People of all ages can benefit from exposure to and/or involvement in a variety of nature based education and activities. The passionate providers also benefit from connecting with individuals and families of the Golden Bay community, reaching a wide audience with their wisdom, skills and/or creativity.

Enabling the Living Wood Fair to fulfil it's purpose is wholly beneficial to the community.

Describe any voluntary time and any other funding contributions received for this project

Committee members of the Living Wood Fair Inc. volunteer their time to organise these events. The Mussel Inn have provided a free venue and are supporting accommodation and food vouchers for musicians for the mini LWF event. Workshop facilitators are providing a reduced rate for workshop attendees. Musicians are gifting their performances in support for the LWF mission.

Have you asked anyone else for funding for this project?

Who else have you approached and what funding (if any) has been confirmed?

Financial contributions received from Trash Palace, and (awaiting) Golden Bay Community Trust. Initial contribution came from seed funding from Living Wood Fair Inc.

Have you included any confidential information in your application or supporting documents that should only be shared with Board members and not made public?

TASMAN DISTRICT COUNCIL POLICY ON COMMUNITY BOARD DISCRETIONARY FUNDS

POLICY REFERENCES

• Sponsor:	Group Manager Finance - Mike Drummond
• Effective date:	27 April 2023
• Review due:	Five yearly
• Legal compliance:	Council approval of the Policy, which requires to comply with Council's Revenue and Financing Policy
• Associated Documents/References	Tasman District Council Revenue and Financing Policy
• Policy Number	P100
• Approved by Council (If Applicable)	27 April 2023

1. Purpose of the Community Boards' Discretionary Funding

Each of the two community boards in Tasman District receive funding from Council through targeted rates. The Boards may use part of the funding as a discretionary fund to allocate funding:

- a) for community projects and initiatives in their Ward that their Community Board considers will benefit their community; and
- b) to support their Community Board functions, including:
 - I. Board members attendance at conferences or training workshops;
 - II. Board advertising and communication;
 - III. Board community surveys;
 - IV. and for Board functions; and
- c) to support youth related activities in their Ward.

2. Application

This policy applies to the disbursement of funds from the Motueka and Golden Bay Community Board Discretionary Funds.

3. Review of this Policy

This policy may be amended either as part of a five yearly review or where one or both community boards have requested a review and proposed changes to the Policy.

4. Generic criteria for the allocation of Discretionary Funds by either the Motueka or the Golden Bay Community Board:

- 4.1 All approved projects and initiatives must contribute to Tasman District Council's Community Outcomes as set out in Council's 10 Year Plan;
- 4.2 Projects need to demonstrate local community support.
- 4.3 Projects must take place within the ward of the Community Board which has allocated funding for the project and demonstrate a clear benefit to that community, including addressing an identified community need.
- 4.4 Discretionary funding will not be provided for:
 - Ongoing operational costs that are not project specific;
 - Costs that cannot be verified with appropriate quotes;
 - Projects that have already been completed.
- 4.5 Funding is for not for individuals, and not to be for a project that is the responsibility of Central Government or other agencies.
- 4.6 Applications must be for a specific project and disclose any other Council funding applied for, e.g., Community Grants.
- 4.7 An organisation may receive only one Discretionary Fund grant a year.
- 4.8 Applications should be made three weeks before the Community Board receiving the application meets to consider funding allocations.
- 4.9 Applicants should provide appropriate financial statements e.g., a statement of financial position (balance sheet) and a statement of financial performance (profit and loss).
- 4.10 Where appropriate (for example a public event), funding applications should be supported by an appropriate Health and Safety Plan. Funds will be allocated through monthly funding rounds. Applicants may be given less funding than they apply for.
- 4.11 Applicants are strongly encouraged to attend the meeting at which applications are considered, in order to speak to their request and answer any questions on the information supplied.
- 4.12 All decisions made by a community board to award funding to an applicant for a project will become public information following the meeting and be included in the minutes of the Board meeting. Applications and supporting information submitted to one of the community boards for funding will be included in an agenda for a meeting of that community board but be subject to the requirements of the Local Government Official Information and Meetings Act 1987 (which may require certain information to not be disclosed as part of a public agenda but distributed separately to Board members - for example financial or commercially sensitive information, personal information).
- 4.13 Funding is to be used only for the purpose approved. Unused funding must be returned to the Board at the termination or completion of the project.

- 4.14 Each year more project funding requests will be received than funds available and not all requests will be successful. The Board's decision on project funding is final and no correspondence will be entered into.
- 4.15 The Motueka and Golden Bay Community Boards acknowledge that there could be extraordinary situations with applications which do not fully meet the criteria described in this policy. The Community Boards reserve the right to consider and approve such applications where there are exceptional and unique circumstances, with the reasons for the approval to be recorded in the resolution.

5. Specific criteria for the allocation of Discretionary Funding by Motueka Community Board

- 5.1 Applications are to follow the Motueka Community Board Discretionary Fund application form template, available from the Council's website, the Motueka Council Office or Motueka Library
- 5.2 Written applications can be delivered to the Motueka Council office or sent to the Motueka Community Board, C/- Tasman District Council, 7 Hickmott Place, Motueka.
- 5.3 There is a \$700 maximum for applications for projects.
- 5.4 Projects must be completed within 12 months of receiving funding.
- 5.5 Successful applicants will report back to the Motueka Community Board on the project and how the funding was used, within 12 months of receiving funding. Community Board support staff will follow up with each organisation that has been provided funding.

6. Specific criteria for the allocation of Discretionary Funding by the Golden Bay Community Board

- 6.1 Application forms are available from the Council website, or the Takaka Service Centre.
- 6.2 Written applications can be dropped off at the council office or sent to the Golden Bay Community Board, C/- Tasman District Council.
- 6.3 There is a \$500 maximum for applications for projects.
- 6.4 Projects must be completed within 6 months of receiving funding.
- 6.5 Successful applicants will report back to the Golden Bay Community Board on the project and how the funding was used, within 6 months of receiving funding. Community Board support staff will follow up with each organisation that has been provided funding.

Adopted by Tasman District Council

Date of approval: 27 April 2023

8.2 BOARD RECOMMENDATIONS ON DRAFT PROPOSALS TO CLASSIFY EXISTING RESERVES IN GOLDEN BAY WARD

Decision Required

Report To:	Golden Bay Community Board
Meeting Date:	30 March 2026
Report Author:	Anna Gerraty, Senior Community Policy Advisor
Report Authorisers:	Alan Bywater, Team Leader - Community Policy; Grant Reburn, Reserves and Facilities Manager; Sue McLean, Kaiwhakahaere ā Rōpū – Te Pae Rautaki Ahumoni Group Manager - Strategy & Finance
Report Number:	RGBCB26-03-4

1. Purpose of the Report / Te Take mō te Pūrongo

- 1.1 To assist the Board to provide clear recommendations to the Strategy, Finance & Performance Committee on draft proposals to classify existing reserves in Golden Bay Ward ahead of public notification and consultation.

2. Summary / Te Tuhinga Whakarāpototo

- 2.1 **Why now?** We must classify all existing reserves before the Council can publicly notify the draft Golden Bay Ward Reserve Management Plan (draft RMP), as required by s41(3) of the Reserves Act 1977 (the Act). Many parcels in the Ward remain unclassified from historic practice; this project addresses that gap. **Attachment 1** sets out the combined timeline for both Golden Bay Ward reserves projects (i.e. classification and reserve management plan) currently underway.
- 2.2 **What's proposed?** At the 7 April 2026 meeting of the Strategy, Finance and Performance Committee, a decision will be made on whether to publicly notify the Council's intention to classify the unclassified reserves under s16 of the Act, using Council's delegation from the Minister of Conservation. An initial draft version of the proposals to classify reserves is set out in **Attachments 2-5** of this report. Consultation will run mid-April to mid-May (indicative dates below), with a Hearing in early June and final Council decision in July, followed by publication of a notice in the New Zealand Gazette.
- 2.3 **What's not proposed?** Some existing reserves (i.e. those listed in **Attachment 6**) have already been classified; we are not proposing that any of these be reclassified. Some land parcels used as parks are not currently reserves under the Act (refer to **Attachment 7**). These parks are fee-simple land and cannot be classified because they are not subject to the Act. In light of the Nelson Tenth context, the Council has agreed to include them in the draft RMP for management guidance (see report RCN25-12-5) but not change their legal status now.
- 2.4 **Who has been engaged?** Staff have engaged with DOC and Pou Taiao staff from Te Taihu iwi and Manawhenua ki Mohua to quality-check data, discuss potential classifications

and flag issues early. Feedback to date has corrected some information and been incorporated where appropriate.

- 2.5 **What the Board is being asked to do?** Consider the draft classification proposals set out in **Attachments 2-5** of this report, note the process and timelines, and provide recommendations to the Strategy, Finance & Performance Committee on any edits to the draft proposals prior to public notification.

3. Recommendation/s / Ngā Tūhunga

That the Golden Bay Community Board

1. receives the report Board recommendations on draft proposals to classify existing reserves in Golden Bay Ward RGBCB26-03-4; and
2. supports (or supports with edits as set out in Recommendation 7) the public notification of Council’s intention to classify existing reserves in Golden Bay Ward under s16 of the Reserves Act 1977, using Council’s delegation from the Minister of Conservation; and
3. notes the proposed consultation window (indicative: 17 April–18 May 2026) and hearing date (4 June 2026); and
4. recommends that a Hearings Panel be appointed to hear and deliberate on submissions on the proposals to classify existing reserves in Golden Bay Ward and report back to Council with recommendations; and
5. notes the approach to fee-simple park parcels (no status change now; include in draft Golden Bay Ward Reserve Management Plan with clear notation), acknowledging the Nelson Tenth context; and
6. endorses the draft communications plan outlined in section 11 of this report (Newline article, Shape Tasman page, hard copies in Tākaka Service Centre and Library, direct emails to Iwi/DOC/reserve management committees); and
7. recommends that the Strategy, Finance and Performance Committee include the following Board-recommended classifications or wording in the set of proposals for public notification:
 - 7.1 [Reserve name] – Board-recommended classification: [list]
 - 7.2 [Reserve name] – Board-recommended classification: [list]
 - 7.3 etc.

4. Background / Horopaki

- 4.1 The Council’s current Golden Bay Ward RMP (2003) and Tata Beach RMP (2007) are overdue for review. Most Council-administered reserves have not been formally classified under the Reserves Act. The Act requires classification before a draft RMP is publicly notified. **Attachment 1** sets out the combined timeline for these two Ward reserve projects.
- 4.2 Since 2013, the Minister of Conservation has delegated classification powers to councils. The Council intends to exercise this delegation to complete classification before the RMP review.

- 4.3 A complete inventory and online map of park/reserve areas in Golden Bay Ward has been compiled to support this process (see <https://shape.tasman.govt.nz/GB-Reserves>).

5. Analysis and Advice / Tātaritanga me ngā tohutohu

What classification does

- 5.1 Classification assigns a purpose to each reserve e.g., Scenic, Historic, Recreation, Local Purpose (e.g., Walkway, Esplanade, Māori Cultural Values, Utility, Community Facility, Road, etc.). The RMP and day-to-day management must then align with that purpose.

The proposal in brief

- 5.2 The Council intends to utilise the 2013 delegation from the Minister of Conservation to classify all unclassified reserves that it administers in the District under s16 of the Act. This process has been completed for all Wards to date, with the exception of the Golden Bay Ward.
- 5.3 On 7 April 2026, the Strategy, Finance and Performance Committee will make a decision on whether to publicly notify proposals to classify existing reserves in Golden Bay Ward. Public notification gives the community and iwi a clear, transparent chance to comment on each proposed purpose. An initial draft version of the proposals to classify reserves is set out in **Attachments 2-5** of this report.
- 5.4 The following table summarises how many land parcels and separate reserve areas are proposed to be classified under each category. The proposals relate to a total of 171 parcels covering 104 existing reserve areas in Golden Bay Ward.

Table 1: Summary of existing reserves in Golden Bay Wards that have not yet been classified and their proposed classification categories

Attachment #	Proposed classification	Number of land parcels in Golden Bay Ward	Number of reserve areas in Golden Bay Ward
2	Scenic Reserve, s19(1)(b)	11	7
3	Historic Reserve	18	9
4	Recreation Reserve	24	19
5	Local Purpose Reserve of various (<i>types</i>):		
	(<i>Community Facility</i>)	1	1
	(<i>Cultural Heritage</i>)	4	1
	(<i>Esplanade</i>)	29	14
	(<i>Māori Cultural Values and Esplanade</i>)	69	39
	(<i>Māori Cultural Values and Utility</i>)	3	2
	(<i>Road</i>)	2	2
(<i>Separation Strip</i>)	1	1	

	<i>(Utility)</i>	1	1
	<i>(Walkway)</i>	7	7
	<i>(War Memorial and Māori Cultural Values)</i>	1	1
Total to be classified	All classification categories	171	104

Classified reserves

5.5 Some existing reserves (i.e. those listed in **Attachment 6**) have already been classified. The Council is not proposing that any of these be reclassified.

Parcels not currently reserves under the Act

5.6 Several park parcels are fee simple (not declared reserves); these are listed in **Attachment 7** to this report. The Council has agreed to defer any status changes until the Nelson Tenth matters are resolved, while still including these parcels in the draft RMP for management guidance and future review (see report RCN25-12-5).

Points the Board may wish to refine before notification (if any)

5.7 If the Board wishes to suggest a different proposed classification or wording tweaks for any specific reserves (e.g., identifying a parcel that may better fit “Local Purpose (Walkway & Utility)” rather than “Walkway”; confirming cultural heritage notes where iwi feedback signals significance), these should be noted in the recommendations section of this report. Staff will table these Board recommendations at the Strategy, Finance and Performance Committee meeting on 7 April 2026 to assist the Committee’s decision on whether to publicly notify the proposals.

6. Financial or Budgetary Implications / Ngā Ritenga ā-Pūtea

6.1 Low impact. Budget for this project is provided in Council’s 10-Year Plan 2024–2034; classification and consultation costs are already planned for.

7. Options / Kōwhiringa

7.1 The options are outlined in the following table:

Option		Advantage	Disadvantage
1.	Support public notification of the draft classification proposals (Recommended)	Transparent process; enables the Golden Bay RMP review to stay on schedule; improves legal compliance and future leasing clarity.	No significant disadvantages identified.

Option		Advantage	Disadvantage
2.	Request refinements to specific parcel proposals before notification	Allows targeted improvements where local knowledge suggests a better fit.	May delay the classification programme and the RMP timeline if refinements were requested for the majority of the parcels.
3	Do not proceed at this time	None identified.	The Council cannot publicly notify the draft RMP; some operational limitations remain for unclassified reserves (e.g., leasing).

7.2 Recommended option: Option 1, with any minor edits (refer to paragraph 5.7 of this report).

8. Legal / Ngā ture

- 8.1 The Reserves Act 1977 governs reserve classification (s16) and requires reserves to be classified before a draft RMP is publicly notified (s41(3)).
- 8.2 The Council holds a delegation from the Minister of Conservation to classify reserves under s16. Public notice is generally required; the minimum submission period is one month, and hearings must be offered to submitters who wish to be heard.

9. Iwi Engagement / Whakawhitiwhiti ā-Hapori Māori

- 9.1 Staff contacted the eight Te Taihū iwi in late 2025 to introduce the classification and Reserve Management Plan (RMP) projects. Initial draft proposals for reserve classification were provided in February 2026. Since that time, hui (both online and in person) have been held with representatives from Manawhenua ki Mohua and three iwi Trusts to discuss the draft proposals, the presence of Māori cultural values within individual reserves, and the implications of the various classification options available under the Reserves Act 1977. Through this engagement, a number of matters were identified, including corrections to reserve naming and the identification of cultural values and recorded archaeological sites. As a result, the draft classification proposals have been refined to better reflect the cultural context and values associated with specific reserves. Engagement with Wakatū Incorporation, Te Here-ā-Nuku, and Ngāti Rārua Ātiawa Trust (NRAIT) is ongoing.
- 9.2 Examples of how the initial draft proposals have been refined in response to iwi feedback include the proposal to classify all coastal esplanade reserves as Local Purpose (Māori Cultural Values and Esplanade) Reserve, to explicitly recognise the cultural significance of these areas alongside their statutory esplanade function. In addition, proposals to classify certain coastal reserves as Recreation Reserves have been amended to acknowledge that, while these reserves provide for existing and anticipated recreational use, they also contain Māori cultural values. This is reflected through revised classification proposal wording (see **Attachment 4**) and will be further embedded through the Reserve Management Plan, which will provide for recreation in a manner that recognises and protects those cultural values.

10. Significance and Engagement / Hiranga me te Whakawhitiwhiti ā-Hapori Whānui

10.1 Level of significance: Low–Medium overall, but higher for some iwi/Māori and local communities given cultural and environmental values.

10.2 Rationale: The next step proposes public notification of intended classifications, not final decisions; it enables submissions and hearings before Council decides.

	Issue	Level of Significance	Explanation of Assessment
1.	Is there a high level of public interest, or is decision likely to be controversial?	Medium-High	The proposals to classify reserves will be of interest to iwi, nearby residents, community groups and other parties/organisations. Golden Bay Ward residents are likely to be more interested than those in other parts of the District. Some iwi/Māori are likely to have a high level of interest in these proposals.
2.	Are there impacts on the social, economic, environmental or cultural aspects of well-being of the community in the present or future?	Medium	Classification assigns a specific purpose to a reserve. Future management of the reserve must then align with that purpose, to preserve its environmental and cultural well-being.
3.	Is there a significant impact arising from duration of the effects from the decision?	Medium	No land status will change as a result of this report. Once public consultation is complete, the Council will decide whether or not to classify reserves (and, if yes, publish notices to that effect in the NZ Gazette). The implications of doing so are: (i) classification would formalise the type of reserve it is (i.e. give it a purpose); and (iii) classification would provide ongoing guidance for the development of future RMPs.
4.	Does the decision relate to a strategic asset? (refer Significance and Engagement Policy for list of strategic assets)	N/A	

	Issue	Level of Significance	Explanation of Assessment
5.	Does the decision create a substantial change in the level of service provided by Council?	N/A	
6.	Does the proposal, activity or decision substantially affect debt, rates or Council finances in any one year or more of the LTP?	N/A	
7.	Does the decision involve the sale of a substantial proportion or controlling interest in a CCO or CCTO?	N/A	
8.	Does the proposal or decision involve entry into a private sector partnership or contract to carry out the deliver on any Council group of activities?	N/A	
9.	Does the proposal or decision involve Council exiting from or entering into a group of activities?	N/A	
10.	Does the proposal require particular consideration of the obligations of Te Mana O Te Wai (TMOTW) relating to freshwater or particular consideration of current legislation relating to water supply, wastewater and stormwater infrastructure and services?	N/A	

11. Communication / Whakawhitiwhiti Kōrero

11.1 If Council proceeds, communications will include:

- i. Newline article (17 April 2026), Council website public notice, Shape Tasman page with proposals and attachments, and hard copies at the Tākaka Service Centre and Library.
- ii. Direct email notifications to iwi, DOC, reserve management committees, and those who engaged in the initial consultation round seeking ideas for a draft RMP.

12. Risks / Ngā Tūraru

12.1 Low risk in notifying the proposals—submissions and hearings provide a formal pathway to correct issues and refine classifications before Council decisions.

12.2 Classification now does not preclude future RMP recommendations to adjust a classification if warranted.

13. Climate Change Considerations / Whakaaro Whakaaweawe Āhuarangi

13.1 No direct climate implications from this procedural step; it does not change land status or development.

14. Alignment with Policy and Strategic Plans / Te Hangai ki ngā aupapa Here me ngā Mahere Rautaki Tūraru

14.1 The proposals align with the Reserves Act 1977 and support timely review of the Golden Bay Ward RMP in line with best-practice guidance for reserve administering bodies.

15. Conclusion / Kupu Whakatepe

15.1 Classification is a necessary first step to progressing the Golden Bay RMP update. Publicly notifying the intention to classify ensures transparent engagement and sets up clear, evidence-based decisions later in 2026. Staff recommend the Board supports notification (with any targeted edits noted).

16. Next Steps and Timeline / Ngā Mahi Whai Ake

16.1 Indicative milestones (subject to Strategy, Finance and Performance Committee's decision):

- 17 April 2026: Newline article and public notice; Shape Tasman page live; hard copies in Tākaka Service Centre and Library.
- 17 April –18 May 2026: Submission period (minimum one month).
- 4 June 2026: Hearings and deliberations (Tākaka Service Centre).
- 9 July 2026: Tasman District Council meeting—classification decisions.
- Late July 2026: New Zealand Gazette notice published.

Combined timeline for Golden Bay/Mohua Ward reserves projects

Our two projects - (i) classification of existing reserves and (ii) review of the Golden Bay Ward Reserve Management Plan (RMP) - will follow these steps:

- **11 December 2025:** Council resolves to initiate both Golden Bay/Mohua Ward reserves projects and to seek written suggestions for inclusion in the draft RMP.
- **23 January to 30 March 2026:** ‘Seeking suggestions/ideas for RMP’ initial community engagement round.
- **First quarter of 2026:** Seek feedback from Manawhenua ki Mohua, Te Taihu iwi Trusts and Golden Bay Community Board on the initial draft proposals for classifying reserves.
- **30 March 2026:** Staff present a report to the Golden Bay Community Board - list of proposed classifications of reserves for their consideration.
- **7 April 2026:** Staff present a report to the Strategy Finance and Performance Committee meeting requesting public notification of the classification proposals and seeking to appoint a Hearing Panel.
- **17 April to 18 May 2026:** Submissions on proposals to classify reserves open for one month.
- **11 May 2026:** Workshop with Golden Bay Community Board to discuss proposed RMP content.
- **April to June 2026:** Development of an initial draft Golden Bay Ward RMP.
- **4 June 2026:** Hearing Panel holds hearing and deliberates on all submissions received on proposals to classify reserves.
- **June to July 2026:** Manawhenua ki Mohua, Te Taihu iwi Trusts and Golden Bay Community Board provide feedback on initial draft RMP.
- **9 July 2026:** Present report to a Council meeting outlining Hearing Panel recommendations for final reserve classifications.
- **July 2026:** Prepare and submit a notice to be published in the NZ Gazette, listing all reserve classifications¹.
- **3 August 2026:** Present report to Golden Bay Community Board on initial draft RMP, calling for recommendations.
- **13 or 20 August 2026:** Council or Strategy Finance and Performance Committee meeting to consider draft RMP and agree to public notification.
- **4 September to 4 November 2026:** Draft RMP open for public submissions.
- **18 November 2026:** Hearing Panel holds hearing on draft RMP.
- **17 December 2026:** Hearing Panel deliberates on all submissions received on draft RMP.
- **January 2027:** Staff amend RMP as per Hearing Panel instructions and prepare decision report.
- **February 2027:** Final RMP considered and adopted by Council.

¹ Note: the final step in the classification process – publication of a notice in the New Zealand Gazette – must be completed before Council notifies a draft reserve management plan.

Proposal to classify existing reserves in Golden Bay Ward as Scenic Reserve (total = 11 land parcels covering 7 reserve areas)

Maps are available online at: <https://shape.tasman.govt.nz/GB-Reserves> Note: Highlighted yellow indicates when a proposed classification differs from the purpose for which a reserve was acquired.

In 1984 this reserve was vested in Golden Bay County Council in trust for Local Purpose (Site for Public Hall) Reserve. The Bainham Hall Management Committee is responsible for day-to-day management of the hall. This committee of volunteers, plus elected member appointed by Council, manage their own accounts. Support is provided from Council's Reserves and Facilities team.	NL21/244 (cancelled)

*1 Note that under the Reserves Act 1977, land vested "in trust for recreation purposes" is legally a recreation reserve. In other words, the Gazette notice effectively performed both the vesting, and the classification as Recreation Reserve. The certificate of title also records the purpose as "In trust for recreation purposes".

Golden Bay Service Centre	78 Commercial Street, Tākaka	Part Section 18 SO 2754 Takaka Original District situated in Block X Waitapu Survey District (all New Zealand Gazette, 13 January 1921, No. 3, page 27, and New Zealand Gazette, 28 April 1921, No. 40, page 1021).	Pt Sec 18 Takaka DIST	0.1012	Local Purpose (Community Buildings) Reserve	GN published on 27 May 1920 (set apart as reserve); GN 1921, p 27 (change of purpose); GN 1921, p 1021 (vesting in trust in Council); GN 2015-In 5588 (classification)	2015	1921	Vested authority (Crown owned). Originally set apart as a reserve for telegraph purposes in May 1920, pursuant to s6 of the Public Reserves and Domains Act 1908, (see GN published on 27 May 1920), the reserve's purpose was changed to a site for a public hall, taking effect from 11 December 1920 (GN 1921, p 27). In 1921, by Order in Council, the Governor General declared the reserve to be vested in the Chairman, Councillors and Inhabitants of the Takaka County, in trust, for a site for a public hall (GN 1921, p 1021). In 2015, the reserve was classified as a Local Purpose (Community Buildings Reserve (GN 2015-In 5588).	NO/33
Tākaka Memorial Reserve	63 Commercial Street, Tākaka	Pt Sec 18 Takaka DIST, Blk X, Waitapu SD, SO 9649 (all New Zealand Gazette, 1950 p 885).	Pt Sec 18 Takaka DIST	0.1935	Local Purpose (Community) Reserve	GN 1950, p 885 (taken for reserve, vested in Takaka Town Board); 1956, p 1386 (creation of Golden Bay County Council); GN 1987, p 1328 (classification)	1987	1950	Vested authority (Crown owned). In 1950, this parcel was taken under the Public Works Act 1928 for a war memorial and vested in the Takaka Town Board (GN 1950, p 885). In 1956, the Takaka Town Board was united with other areas to form the Golden Bay County Council (GN 1956, p 1386). Formally classified in 1987 as Local Purpose (Community) Reserve under the Reserves Act 1977 (GN 1987, p 1328). Although the land began as Public Works Act land vested in the Town Board for a war memorial, it became subject to the Reserves Act 1977 once it was classified by Gazette notice in 1987. The classification converted it into a Local Purpose (Community) Reserve, to be administered by the successor local authority (now Tasman District Council) under the Reserves Act's provisions.	Not issued

Pohara Beach Reserve (Holiday Park)	809 Abel Tasman Drive, Takaka	Lots 1-14 DP 1703, Lots 16-19 DP 5525, Lot 7 DP 6385, and Sec 8 Blk VII Waitapu SD (SO Plan 12028).	All parcels	5.0192	Recreation Reserve	GN 1929, p 2766 (establishment of Pohara Domain); GN 1938, p 1691 (land added to Domain); GN 1963, p 949 (cancellation of vesting in Golden Bay County); GN 1963, p 1647 (land added to Domain); GN 1980, p 3081 (classification)	1980	1989	<p>Vested authority (Crown land). Pohara Beach Reserve, historically known as the Pohara Domain, was established and expanded through a series of Gazette notices between 1929 and 1980. The reserve was first constituted in 1929, when Lot 14 DP 1703 was brought under Part II of the Public Reserves, Domains, and National Parks Act 1928, named the Pohara Domain, and placed under the management of a Domain Board. Further adjoining land parcels were added in 1938, forming part of the Pohara Domain and administered by the Pohara Domain Board. Additional small areas were incorporated into the domain in 1963 under the Reserves and Domains Act 1953, including the cancellation of a previous vesting in the Golden Bay County Council.</p> <p>In 1980, the reserve was formally classified as a Recreation Reserve under the Reserves Act 1977, consolidating the earlier land assembly process. The classification notice refers to a 1977 Gazette action that could not be located in archived Gazette issues and may represent a citation error.</p> <p>The 1980 notice describes the reserve as comprising approximately 5.0192 hectares, including:</p> <ul style="list-style-type: none"> • Lots 1–14 DP 1703 • Lots 16–19 DP 5525 • Lot 7 DP 6385 • Section 8 Block VII Waitapu Survey District <p>For many decades the reserve has been operated as a commercial holiday park (Pohara Beach TOP 10 Holiday Park), via a long-term lease arrangement between Council and commercial operators. Current Management Responsibility</p> <p>The most recent Gazette notices that explicitly assign management responsibility are the 1963 notices, which direct that newly added land: “... shall form part of the Pohara Domain to be administered as a public domain by the Domain Board.”</p> <p>The 1980 classification notice confirms the legal purpose of the land but does not specify a managing body, and no subsequent Gazette notices have been located that name the reserve or expressly re-vest administration in a new</p>	NL144/23

									<p>body. However, under the Local Government (Nelson–Marlborough Region) Reorganisation Order 1989, which created Tasman District Council, the new council assumed: “the functions, duties, and powers of an administering body under the Reserves Act 1977 in respect of the reserves being administered by the former authorities immediately before the coming into force of this clause” (Clause 60(c)) and vested: “all property... vested in the corporation of any former authority” in the Tasman District Council (Clause 67). Although the reorganisation order does not name this reserve specifically, it establishes the statutory pathway by which responsibility for reserves administered by former authorities transferred to Tasman District Council. Therefore, Pohara Beach Reserve is administered by Tasman District Council as the administering body under the Reserves Act 1977, succeeding the former Pohara Domain Board following its effective dissolution during local government reorganisation in 1989. Present Status</p> <ul style="list-style-type: none"> • Reserve classification (all parcels): Recreation Reserve (Reserves Act 1977) (GN 1980, p 1229) • Administering body: Tasman District Council • Purpose: Public recreation and community use, enabling coastal access and open-space enjoyment

8.3 FEBRUARY 2026 FINANCIAL SUMMARY

Information Only - No Decision Required

Report To:	Golden Bay Community Board
Meeting Date:	30 March 2026
Report Author:	Scarlett Witowski, Management Accountant
Report Authorisers:	Paul Egan, Management Accounting Manager
Report Number:	RGBCB26-03-5

1. Summary / Te Tuhinga Whakarāpoto

- 1.1 The financial report for the financial period ending 28 February 2026 is attached (Attachment 1).

2. Recommendation/s / Ngā Tūtohunga

That the Golden Bay Community Board

- 2.1 Receives the February 2026 Financial Summary report.**

3. Financial Overview

- 3.1 The net financial position year-to-date is a deficit of \$26,977. This was budgeted for and it uses up some reserves from prior years.
- 3.2 Board expenses YTD are \$2,502 and are made up of electricity \$1,335, GB Promotion Association meeting expenses \$380, LGNZ Levy \$290 and advertising costs of \$497.
- 3.3 The net position for the Community Board's overall funds, as at 28 February 2026, is \$80,920.
- 3.4 It is noted that the Community Board financials are not the most appropriate place to record radio transmitter electricity costs of \$1,335. These will be moved to an another more appropriate cost centre in the March Financials.

4. Attachments / Tuhinga tāpiri

8.4 GOLDEN BAY COMMUNITY BOARD ACCORD

Decision Required

Report To:	Golden Bay Community Board
Meeting Date:	30 March 2026
Report Author:	Steve Manners, Chief Operating Officer
Report Authorisers:	
Report Number:	RGBCB26-03-6

1. Purpose of the Report / Te Take mō te Pūrongo

- 1.1 The purpose of this report is to introduce the draft Golden Bay Community Board Accord and seek the Board's consideration and direction on its adoption.

2. Summary / Te Tuhinga Whakarāpotō

- 2.1 The Golden Bay Community Board Accord is a guiding document intended to outline shared expectations, roles, and ways of working for Board members. It aims to support effective governance, collaboration, and community representation.

3. Recommendation/s / Ngā Tūtohunga

That the Golden Bay Community Board

- 1. receives the Golden Bay Community Board Accord RGBCB26-03-6; and**
- 2. approves the Golden Bay Community Board Accord as a guiding document for Board operations; and**
- 3. delegates the Chair of the Community Board to sign the Golden Bay Community Board Accord; and**
- 4. notes that once signed the Golden Bay Community Board Accord will be presented to the Chief Executive for signing.**

4. Background / Horopaki

- 4.1 The development of an Accord responds to a desire to strengthen governance practices and provide clarity on roles, responsibilities, and expectations of Board members.
- 4.2 An agreed Accord reflects good practice in establishing agreed behavioral and operational principles.

5. Analysis and Advice / Tātaritanga me ngā tohutohu

- 5.1 The Accord provides a framework to support effective decision-making, respectful engagement, and collective accountability.

- 5.2 Adoption of the Accord is expected to support a stronger working relationship between Council and the Board, including improved communication, earlier engagement, and clearer expectations.
- 5.3 It is noted that an identical Accord was discussed with the Motueka Community Board who have decided not to adopt it at this time.

6. Financial or Budgetary Implications / Ngā Ritenga ā-Pūtea

- 6.1 There are no direct financial or budgetary implications associated with adopting the Accord. However, the Community Board, like Council and Committees should be mindful of the impact of requests on existing staff resources and budgets.

7. Options / Kōwhiringa

- 7.1 The options are outlined in the following table:

Option		Advantage	Disadvantage
1.	Approve the Accord	Provides clear expectations and supports effective governance	Requires periodic review and updates
2.	Do not approve the Accord	No change to the Status Quo.	Missed opportunity to formalise shared expectations

- 7.2 Option 1 is recommended.

8. Legal / Ngā ture

- 8.1 The Accord is a non-binding governance document and does not create legal obligations. It complements and clarifies how each party will meet existing statutory responsibilities.

9. Iwi Engagement / Whakawhitiwhiti ā-Hapori Māori

- 9.1 No specific iwi consultation has been undertaken for this document.

10. Significance and Engagement / Hiranga me te Whakawhitiwhiti ā-Hapori Whānui

- 10.1 This is considered

	Issue	Level of Significance	Explanation of Assessment
1.	Is there a high level of public interest, or is decision likely to be controversial?	Low	Internal governance document
2.	Are there impacts on the social, economic, environmental or cultural	Low	

	Issue	Level of Significance	Explanation of Assessment
	aspects of well-being of the community in the present or future?		
3.	Is there a significant impact arising from duration of the effects from the decision?	Low	
4.	Does the decision relate to a strategic asset? (refer Significance and Engagement Policy for list of strategic assets)	None	
5.	Does the decision create a substantial change in the level of service provided by Council?	None	
6.	Does the proposal, activity or decision substantially affect debt, rates or Council finances in any one year or more of the LTP?	None	
7.	Does the decision involve the sale of a substantial proportion or controlling interest in a CCO or CCTO?	None	
8.	Does the proposal or decision involve entry into a private sector partnership or contract to carry out the deliver on any Council group of activities?	None	
9.	Does the proposal or decision involve Council exiting from or entering into a group of activities?	None	
10.	Does the proposal require particular consideration of the obligations of Te Mana O Te Wai (TMOTW) relating to freshwater or particular consideration of current legislation relating to water supply, wastewater and stormwater infrastructure and services?	None	

11. Communication / Whakawhitiwhiti Kōrero

11.1 The Accord will be made publicly available as part of Board documentation.

12. Risks / Ngā Tūraru

12.1 There are no known risks.

13. Climate Change Considerations / Whakaaro Whakaaweawe Āhuarangi

13.1 There are no climate change considerations.

14. Alignment with Policy and Strategic Plans / Te Hangai ki ngā aupapa Here me ngā Mahere Rautaki Tūraru

14.1 The Accord aligns with principles of good governance and supports Council's broader strategic direction for effective community representation.

15. Conclusion / Kupu Whakatepe

15.1 The Golden Bay Community Board Accord provides a useful framework to support effective governance and collaboration.

16. Next Steps and Timeline / Ngā Mahi Whai Ake

16.1 Following adoption, the Accord will be implemented immediately and reviewed periodically as required.

17. Attachments / Tuhinga tāpiri

Preamble

This Accord sets out the basis for the ongoing relationship between the Golden Bay Community Board (the Board) and Tasman District Council (the Council).

1 Purpose

The purpose of the Accord is to encourage communication, coordination and cooperation between the Council and its Community Boards to enable them to work together to:

- facilitate local decision making and action by, and on behalf of their community;
- promote active citizenship;
- strengthen the connection to neighbourhoods and citizens;
- provide local/community input into Council strategies, plans and services;
- ensure the delivery of local public services.

Underpinning the Accord is a commitment to act towards each other in good faith, that is, to establish and maintain a productive relationship in which the parties are responsive and communicative.¹

2 Shared governance

The Accord sets out the parameters whereby the governing body of the Council has responsibility for matters of district wide significance within which the Board has an interest in all matters affecting their community. The relationship between the Council and Boards is based on the following understandings:

- The best interests of the district's communities are served when the Council and its Boards work cooperatively.
- The Council and Community Boards acknowledge that the Council has a district-wide focus, while the Boards have a community focus, with Community Boards operating under the governance umbrella of the Council.
- Community Boards carry out the responsibilities, duties, and functions set out in statute as well as any additional roles and responsibilities given and/or delegated by the Council.

¹ A definition of good faith taken from section 4(1A) of the Employment Relations Act 2000 is "the parties to the relationship are active and constructive in establishing and maintaining a productive relationship in which the parties are, amongst other things, responsive and communicative."

3 Working together in collaboration

- When making decisions, Council will engage early with its relevant Community Board so that feedback from the Board can be utilised in the decision-making process
- The Council is to have regard to the Board's feedback on relevant policy and planning documents before they are adopted as draft documents and notified for public comment.
- Community Boards may make submissions on any Council consultation document that has been publicly notified, regardless of whether they have commented on an early draft of that document.
- Decisions on projects or matters with district-wide implications across multiple ward boundaries will be made by the Council or a Council committee. Boards will be engaged on district-wide initiatives that impact their communities.
- The Council may, as appropriate to the matter under consideration, appoint Community Board representatives to committees, hearings panels, and working parties.
- The Board and the Council will agree on levels of service to be provided in each Community Board's area. Where the agreed service levels differ from the district-wide service levels adopted by the Council, a rate differential may be applied to the Community Board's jurisdiction to equalise the level of service being provided.
- An open invitation to attend Community Board meetings will be provided to the Mayor and Councillors, to be seated at the table if there is capacity.

4 Communication

- The objective is to retain quality relationships between the Council and the Board, and between the Board and the public. Communication by all must be timely and include all relevant information.
- Agendas and Minutes of Board meetings will be available to all elected members.
- The chairperson, unless otherwise stated, is the spokesperson for the Board.
- The Council and the Board will refrain from public criticism of each other and deal with issues in good faith by direct and constructive discussion, not in the public arena.
- The Board chairperson will have the opportunity to present to Council on significant issues within the Board's delegation.
- The Mayor may attend any meetings of the Community Board, as appropriate

5 Responsibilities of Council and staff

- The Chief Executive (CE) will ensure that the Board is provided with complete, timely, and robust information, support and advice. This includes the provision of adequate staff support for Board activities.

- To ensure the Board’s decisions are well-informed, staff reports will include information on options, risks, and costs, in accordance with the significance of the issue.
- The Board will ensure that requests for staff advice do not exceed unreasonable amounts of staff time allocated to them. The relevant Board chairperson will discuss any additional staff resource with the CE.
- The roles and responsibilities of Council staff working directly with the Board, once agreed, will be specified in the Accord.
- Community Board concerns regarding operational performance will be communicated to the relevant Group Manager in the first instance.
- In working with the Board, the Council and its staff will carry out the following responsibilities:
 - a) develop annual budgets and work programmes in consultation with the Board, consistent with the priorities of the Council’s Annual and Long Term Plans
 - b) consult the Board by way of a detailed presentation on the contents of the draft Annual Plan or draft Long-Term Plan, provided in sufficient time to enable the Board to make a meaningful and informed submission to the Council
 - c) where possible, consult the relevant Board in the early stages of developing strategies, including the design of assets, services, projects, programmes, and facilities.
 - d) listen to, and consider Board feedback on assets, services, projects, programmes, and facilities
 - e) consult with the relevant Board when preparing submissions on matters relevant to the Board and its area, in a timely manner
 - f) provide governance support for the Board meetings
 - g) provide administrative support and a key liaison staff person available for all departments of the Council
 - h) present Board members with a six-monthly report detailing the key programme of works for the upcoming period in the Board’s area
 - i) consult the Board by way of a detailed presentation on major policy issues initiated by the Council that will be occurring within the Board’s area.
 - j) invite Board members to participate in relevant Community or site meetings held in the Board area on proposed significant works projects
 - k) hold at least one combined workshop per annum involving key staff and Board members to discuss issues of mutual interest and clarify future strategic direction
 - l) accept, at its ordinary Council meetings, reports from the Board Chairperson on any issues of significance, within the Board Delegations.

6 Responsibilities of the Community Board

- The Board is accountable for the decisions it makes, which means all members are expected to make their best efforts to support the Board, its purpose and decisions.
- An annual performance review of the Board will be undertaken by the Council in liaison with the Board chairperson and lead officer.
- Board members will comply with the Board's Council's Code of Conduct and agree to operate under the Board's standing orders.
- The Board will undertake its role, as set out in section 11 of this Accord, in an efficient manner that aligns, and is consistent with, the priorities of the governing body as set out in the Council's Annual and Long Term Plans.

Community Boards will:

- a) represent, and act as an advocate for, the interests of its community; and
- b) consider and report on all matters referred to it by the Council authority, or any matter of interest or concern to the Community Board; and
- c) maintain an overview of services provided by the Council within the community; and
- d) prepare an annual submission to Council for expenditure within the community; and
- e) communicate with Community organisations and special interest groups within the community; and
- f) undertake any other responsibilities that are delegated to it by the Council (Section 52 LGA 2002)

7 Meetings and decision-making

- The Board will meet during working hours, every six weeks, or a total of up to eight times per annum, in accordance with standing orders.
- The Board may choose to convene their own public drop-in clinic to hear from their community members who may not wish to attend a formal meeting.
- Both the Council and the Board acknowledge that good governance requires them to consider community views and provide a balance of the different views and the trade-offs necessary
- Each meeting may include the following agenda items:
 - an open public forum with speakers making prior arrangements with staff to attend

- an update on progress made towards the achievement of the Board’s community plan and special projects (this may be quarterly)
- quarterly financial summary update
- reports requesting Board approval within their delegation
- If a Board considers that a particular decision is better made at the Community Board level, rather than at the Council level the chairperson will discuss this with the CE and liaison staff member
- If it chooses to do so, the Board may refer any decision it has been given delegated authority to make to the Council.
- The Council should not rescind or amend a final decision made under a delegation to a Community Board.
- When exercising decision-making powers, the Board must take account of the Council’s Significance and Engagement Policy, the requirements of the LGA 2002, and any other relevant Council strategies, plans or policies.

8 Strengthening relationships

- The Council and the Board will together work out issues of difference in good faith. It is recognised that issues where different positions are taken will naturally arise and will generally be resolved positively through discussion.
- The Board will not publicly criticise decisions made by Council.
- Where there are significant differences between the Board and the Council, agreement will first be sought through discussion between the lead officer and chairperson. Where this is not possible an independent and suitably skilled individual mediator acceptable to both parties may be involved.
- Where Board performance concerns are raised and no resolution is agreed the Council has the right to remove delegations made to the Board.
- Boards will ensure that they have processes in place to identify and address under-performing members of the Board.
- Any Board concerns regarding operational performance will be communicated, in the first instance, to the lead officer and subsequently, if not resolved, to the CE.

9 Operational support for Board members

The Council undertakes to ensure Board members have the “tools” to effectively fulfil their roles and duties. This includes:

- A regular meeting cycle every six weeks
- A regular meeting venue
- A regular venue for six weekly drop-in clinics (if requested)

- Provision of administrative facilities and advice to Community Board members.
- Ensuring any reports to meetings will be received in a timely manner
- Ensuring that staff attend Community Board meetings in person or virtually as far as is possible.
- Ensuring the Board will have a Communication and Engagement plan developed with the support of staff

To enable Community Board members to fulfil the expectations of their office, Board members will be entitled to:

- IT support, such as laptop computer.
- dedicated email addresses within Council protocols
- accessible meeting rooms
- travel costs reimbursed according to Remuneration Authority guidelines and the Elected Member Expenses and Reimbursement Policy
- childcare costs according to Remuneration Authority guidelines of up-to a limit set by Council to enable all Board members to attend meetings or hui.

10 Training and professional development for Board members

Appropriate induction will be provided to Board members. Ongoing training and development may be provided for Board members, to ensure they have the necessary skills and knowledge to undertake their responsibilities, within the allocated training budget. This may include, as approved by Council:

- A leadership training programme for Board chairs and deputy chairs. This should be in addition to the Council's standard post-election induction to build capability in governance, advocacy, and relationship building.
- Where needed there will be agreed access to paid training for individual Board members, signed off by the Group Manager.
- Training in Civil Defence and Emergency Management (CDEM) — from basic awareness to active response, as appropriate to local circumstances.
- Ensuring all Board members can learn about local tikanga and Te Ao Māori to facilitate building constructive relationship Iwi/hapu and local Māori organisations.

The Board will encourage members to take part in training or workshops organised by the Council to enhance the performance of the Board.

Should an appropriately qualified member of the Board be appointed to any Hearings Panel or other Council Committee they will maintain an impartial position on decisions made by that Committee.

11 Community Board role

The Community Board has the following role: “Voice, Advice and Delivery”

Model 2: Voice + Advice + Delivery

Advice plus action, with Community at the centre. Building on Model 1, this approach includes practical responsibilities and delivery of small-scale services and projects. Boards become partners in local service monitoring, delivery, and Community engagement. With delegated funding and planning input, they can directly shape outcomes in their area while still aligning with the Council’s strategic direction.

12 Resolving differences and review

The parties may consider and review this document at any time. Any proposals for change must be presented for consideration at the next available meeting of each party. The request must be made in writing to the administrator and made at least two weeks before the next meeting date.

Any differences arising between the Council and the Community Board about the interpretation and application of this Accord will be referred to a panel comprising representatives of both parties and, if needed, an independent mediator.

Both parties must ratify any proposed changes to this Agreement prior to them coming into effect. This agreement will be placed on the agenda of the final meetings of both parties prior to the triennial election for the purpose of reviewing the document and recommending changes (if any) to the incoming Council and Board.

THE MODEL

The role of the Community Board is set out below.

Voice + Advice + Delivery (Model 1+)

Advice plus action, with Community at the centre. Building on Model 1, this approach includes practical responsibilities and delivery of small-scale services and projects. Boards become partners in local service monitoring, delivery, and Community engagement. Through delegated funding and planning input, they can directly shape outcomes in their area while still aligning with the Council's strategic direction.

Representing and acting as an advocate for the interests of the Community

- seek funding (to be held by the Council) from external organisations which can be applied to community projects within their community;
- make submissions and objections in relation to Council statutory processes and which affect interests within their community.

Maintaining an overview of services provided by their Council within their Community

- advise the Council on the priorities and preferences of their community in respect of the level and nature of local services to be provided by the Council in their community;

Communicating with Community organisations and special interest groups in the community

- facilitate engagement of their community in relation to policies, plans and projects proposed for their community as requested by the Council;

Undertaking any other responsibilities delegated by their Council

- refer to Appendix 1: Community Boards Terms of Reference

Appendix 1 – Community Boards Terms of Reference

Community Boards

1. Purpose

The purpose of the community board is to be an effective, authoritative, informed and respected voice of the community with influence over matters of local significance.

2. Objective

- 2.1. To carry out its role as set out in section 52 of the Local Government Act 2002, to give effect to the purpose of local government in section 10 of the Local Government Act 2002.

3. General

- 3.1. Any decisions made by a Community Board must be consistent with policies, procedures, standards, budgets or resolutions adopted or made by the Council (whether or not referred to in the delegations).
- 3.2. The delegations reflect the Council's view that issues specific to a Community Board should be dealt with and decided on within the affected locality, rather than by the Council as a whole.
- 3.3. Where a question arises about whether an issue is inherently local or has implications beyond the boundaries of a Community Board area (i.e. into the wider District), in this situation, the allocation of decision-making responsibilities will be determined in accordance with the following principles:
 - 3.3.1. Decision-making responsibility for a non-regulatory activity of the Council solely within a Community Board area may be exercised by the Community Board (local decisions) where it is consistent with the Terms of Reference for the Board or where that decision has not been delegated elsewhere (e.g. to staff or contractors); or
 - 3.3.2. By the Council (District decisions) if the nature of the activity is such that decision-making on a district-wide basis will better promote the interests of all communities, having regard to the following factors:
 - the impact of the decision (will it extend beyond the Community Board area); and/or
 - effective decision-making (will the decision require alignment or integration with other decisions that are the responsibility of the Council); and/or
 - the benefits of a consistent or co-ordinated approach in the Council's district (will these outweigh the benefits of reflecting the particular needs and preferences of the communities within the Community Board area); and/or
 - the significance of the activity (as assessed in accordance with the Council's Significance and Engagement Policy).
- 3.4. If the allocation of decision-making responsibilities becomes an issue to be dealt with by application of the principles referred to above, it must first be raised with the Group Manager

responsible for the activity proposed, prior to the decision being referred to the Council (if required).

4. Responsibilities

- 4.1. represent, and act as an advocate for, the interests of its community; and
- 4.2. consider and report on all matters referred to it by the territorial authority, or any matter of interest or concern to the community board; and
- 4.3. maintain an overview of services provided by the Tasman District Council within the community; and
- 4.4. prepare an annual submission to the Tasman District Council for expenditure within the community; and
- 4.5. communicate with community organisations and special interest groups within the community; and
- 4.6. undertake any other responsibilities that are delegated to it by the territorial authority.

5. Delegated Authority

The Community Board has authority to:

- 5.1. facilitate engagement of their community in relation to policies, plans and projects proposed for their community as requested by the Council;
- 5.2. advise the Council on the priorities and preferences of their community in respect of the level and nature of local services to be provided by the Council in their community;
- 5.3. undertake activities for which a budget has been allocated by the Council to the Board;
- 5.4. seek funding (to be held by the Council) from external organisations which can be applied to community projects within their community;
- 5.5. make submissions and objections in relation to Council statutory processes and which affect interests within their community.

6. Powers to Act

Community boards shall have delegated authority, in accordance with any statutory powers and the policies, plans and bylaws of the Council, to:

- 6.1. allocate, within Council Policy guidelines, funding and operational grants to local community groups in their community from the Grants from Rates Programme within the budget allocated by the Council;
- 6.2. manage and approve usage of any market place in their community with power to disburse any surplus, after costs, for purposes within the ward;

- 6.3. approve traffic control signs on streets (e.g., stop and give way signs etc), the design and location of bus stops and shelters in their community, within budget limits and relevant engineering standards;
- 6.4. approve the design and location of playground equipment, landscape and amenity works with a value of not more than \$10,000, street furniture and street planting in their community;
- 6.5. approve names of streets and parks in their community;
- 6.6. grant consent for the removal of trees from parks, reserves, streets or other Council land in their community;
- 6.7. authorise, within approved budgets, board member attendance at appropriate conferences and training courses.

7. Power to Recommend

- 7.1. To the Council where preferred service levels in their community are higher than Council Annual Plan, the funding mechanism;
- 7.2. to the Council granting of leases or licences on reserves and public spaces in their community;
- 7.3. to the Council, proposed developments or activities on local parks, reserves and waterways in their community;
- 7.4. to the Council on the use and allocation of the Special Purpose Committee funding, and the use and allocation of Reserve Financial Contributions received from subdivisions and developments in their wards, for inclusion in the Annual Plan and Long Term Plan processes;
- 7.5. to the Council any changes the Board would like made to the performance of Council activities within the Ward;
- 7.6. to the Environment Regulatory and Operations Committee annual work programme priorities for new and renewal footpaths within their wards, for consideration and potential inclusion in the District-wide annual work programme;
- 7.7. to the Strategy Finance and Performance on proposals to declare land within their wards as reserve and/or to classify reserves under the Reserves Act 1977;
- 7.8. to the Strategy Finance and Performance on draft content for inclusion in the draft reserve management plans for the parks and reserves within their wards;
- 7.9. to the Strategy Finance and Performance on preparing resource management plan changes affecting land and other resources within the Ward.

8. Administration

- 8.1. The Chairperson shall be voted in by resolution of the Board at its inaugural meeting of the triennium.
- 8.2. Four (4) members are elected as members of the Community Board. The Council may resolve for the relevant ward Councillors to be members of the Community Board.
- 8.3. A quorum for the Motueka Community Board comprises four members and a quorum for the Golden Bay Community Board comprises three members for the time being.

8.4. The Community Boards will operate under Standing Orders, adopted at their first meeting of the triennium. This may be the Tasman District Council Standing Orders, with or without amendments.

8.5. Community Boards meeting:

8.5.1. Golden Bay Community Board: six-weekly meeting cycle.

8.5.2. Motueka Community Board: four-weekly meeting cycle.

8.5.3. The Community Boards may also hold six weekly public 'clinic' sessions, which are not meetings under Standing Orders or LGOIMA.

9. Exclusion to Golden Bay Community Board's Delegations

9.1. All matters relating to the Golden Bay Recreation park are excluded from the Golden Bay Community Board's delegations with respect to clauses 5.0 and 6.0 of this Delegations Register

DRAFT

8.5 BOARD REPORT - MARCH 2026**Information Only - No Decision Required**

Report To:	Golden Bay Community Board
Meeting Date:	30 March 2026
Report Author:	Grant Knowles, Chair Golden Bay Community Board
Report Authorisers:	Leith Townshend, General Counsel
Report Number:	RGBCB26-03-7

1. Summary / Te Tuhinga Whakarāpoto

- 1.1 We have had an exceptional turn out for our six community drop-in sessions held in various halls around the bay, which we held for the purpose of getting to know the community. These meetings have provided valuable feedback on community expectations of the Golden Bay Community Board (GBCB) and have highlighted key issues requiring further attention.
- 1.2 These sessions provided an opportunity to brief attendees on current Tasman District Council (TDC) initiatives for the community and to clarify the Board's role within the community.
- 1.3 We note that at most meetings the same issues come up, which helps us to focus on the goals of the board.
- 1.4 Where do we go from here? The Board has collated feedback received and will prioritise and progress the most pressing issues. Further, targeted workshops will be scheduled to address key topics identified through the drop-in sessions. These workshops will be publicly advertised and will provide an opportunity for community members to engage directly with the relevant presenting staff.
- 1.5 There will be time in these sessions for the board to hear new issues that are important for our community.
- 1.6 Community members may contact the Community Board at any time to raise urgent matters requiring attention.

2. Recommendation/s / Ngā Tūtohunga**That the Golden Bay Community Board**

- 1. receives the Board Report - March 2026 report; and**
- 2. notes the Attached Plan for the Collingwood Cemetery extension; and**
- 3. approves Chair Knowles to write and sign a letter to Waka Kotahi NZ Transport Agency (NZTA) requesting Motueka be considered as a location for practical driving tests.**

3. Collingwood Cemetery extension

- 3.1 On 12 February 2024, Lynne Hall presented the attached proposed plan to the GBCB for the Collingwood Cemetery development.
- 3.2 Looking at the proposed plan there aren't really any other ways to lay it out, and Council has carried out some test pits (in the area shown with new beams) to assess the water table and site drainage. A culvert would be required for driveway access, and a bridge or culvert for pedestrian access. (**Attachment 1**).
- 3.3 If the Board members could provide any comments back to staff would be appreciated.

4. Motupipi State Highway corner/pedestrian crossing

- 4.1 We need to look at a safe way to cross the Mottupipi Street at the top of the Town where it meets the State Highway. There are so many near misses from pedestrians walking across this section of road outside the petrol station that it is only a matter of time until we have a serious accident.
- 4.2 SH60 & Motupipi Street Crash Data – There have been 3 reported crashes in the last 10 years (1 serious, 1 minor & 1 non-injury). (**Attachment 2**)
How do we progress this safe crossing for pedestrians at this corner?
- 4.3 **Action:** Can we please have a small working group to take the lead with this and talk to Robert Deck (Senior Road Engineer).

5. Rotatai Poem Boulder

- 5.1 The present concern is that the mana of the Boulder has been compromised.
- 5.2 The poem on the Boulder was Helen McKinley's gift to Rototai. The Boulder was chosen for its shape and fitness for the purpose. The Boulder is shaped like a lectern and placed so that visitors could hold onto or lean on it and look out to both the tide and the inlet. And in so doing appreciate the great beauty of the area and also want to protect it. Now if you stand behind the Boulder the view is of a large notice. And a few more notices to the left. The Boulder was blessed by the local iwi and had special significance to John Ward Holmes.
- 5.3 Helen's suggestion is that the notice behind the Boulder be shifted to the grassy area where people often go to sit at the other side of the roundabout. There is enough space there and people would read as they sit.
- 5.4 The dolomite rocks that were placed on the frontage to block vehicles, have weathered to a better colour.
- 5.5 People go there, to the beachfront, look out to the view and marvel at the birds and it is equally important that they read notices concerning the beach.
- 5.6 Rotatai is a place of history, the place where ancient voyagers began their trip up the estuary to where Tākaka was established. It is also a sacred centre in the Bay itself. Walk out to the tide and you see Mount Taranaki and the spit. Turn around and face the sacred Mount Arthur; Kahurangi, the place where water enters Sam's Creek, flows to Te Waikoropupū Springs and becomes the origins of our great river and the aquifer Tākaka lives above. What Helen would like is that Rotatai be seen as the taonga it is.

- 5.7 The previous board voted to keep it as Status quo, and we have been asked to reconsider.
- 5.8 Where do the board want to sit with this? There are many things to consider when making recommendations if it were to be changed, including cost.
- 5.9 **Action:** Depending on the nature of the discussion, Chair Knowles to engage with Council staff on bringing back a paper for a decision of the Community Board.

6. Locky Docks

- 6.1 In 2019 Big Street Bikers were looking to work with us on establishing a network of e-bike locking and charging stations — called Locky Docks. The business model enables a free public amenity. At its August 2019 meeting the Council agreed and resolved that staff would work with Big Street Bikers, also agreeing that advertising on the bike docks can be used to significantly reduce the overall cost of installation and maintenance. Despite working with Big Street Bikers at the time, the bike docks did not eventuate.
- 6.2 Since that time Big Street Bikers have established a network of 90 stations nationwide and are now working with Tasman’s Great Taste Trail to install a network at key destinations in the region. Locky Docks enable more people in the community to ride more often (normal bikes and eBikes) supporting local retailers and businesses and eBike tourism.
- 6.3 Locky Docks have been working with us to establish a network of bike docks on both private and Council land which will be a mix of bike docks with advertising or without, resulting in a media-funded public amenity that has no ongoing burden on ratepayers and is free for the public to use. Moreover, Council will gain a dedicated media allocation for Council communications (campaigns or emergency announcements) instead of a usual fixed annual fee for advertising.
- 6.4 Big Street Bikers will start to reach out to relevant community boards and adjacent businesses as locations are selected. You can find out more about Locky Docks here: [Locky Dock – Let’s change how we get around](#)
- 6.5 What this means: Council have signed an agreement with the detailed sites still to be worked out and added. That is dependent on:
 - 6.5.1 Finding a suitable location,
 - 6.5.2 consultation with relevant community and adjacent landowners, and
 - 6.5.3 no cost to Council to install or operate.
- 6.6 Resource Consent will be required for any advertising element. It will be assessed against NZTA and Austroads guidance for roadside advertising and any other TRMP items.
- 6.7 NZTA will need to approve for the Commercial Street sites.
- 6.8 If the sites they are working on are supported by the adjacent landowners and the community, and meet road safety and resource consent checks, then the sites will be added to the signed agreement, so they can install them.
- 6.9 If the sites are not supported by the adjacent landowners but still wanted by the community; someone will need to make a decision. Depending on the level of the issues, Jamie McPherson will likely seek advice from the community boards in the first instance.
- 6.10 If the sites are not supported by the adjacent landowners and not wanted by the community, then the decision would likely be no, and they will need to look for a different / better spot.

- 6.11 **Attachment 3** is a letter of support from the Motueka Community Board for the installation of a Locky Dock Station in Motueka.
- 6.12 I have since received further correspondence from Locky Dock and will provide a verbal update at the meeting.

7. Propose New Practical Driving Test Location

- 7.1 At present, the nearest practical driving test locations are Nelson (approximately two hours' travel) and Westport (approximately five hours' travel), both outside the Tasman District. Consequently, there is currently no practical driving test location available within the District. Motueka is well placed to address this gap.
- 7.2 Motueka have two roundabouts, two sets of traffic lights, a one-way road, a merging intersection, and access to 100 km zone.
- Are there any other requirements?
- 7.3 **Action:** Chair Knowles to write a letter to Waka Kotahi NZ Transport Agency (NZTA) to consider Motueka as a place for practical driving tests to have conducted.

8. Correspondence

- 8.1 The Board has sent the following items of correspondence:
- 8.1.1 A letter support for the Takaka Collingwood Trail project, highlighting its benefits for safety, accessibility, equity, community resilience, and local economic and environmental outcomes (**Attachment 4**); and
- 8.1.2 A letter of support for the Motueka Swimming Pool project, emphasizing its importance for water safety, accessibility, equity, community wellbeing, and long-term social and economic benefits (**Attachment 5**).

9. Opportunity for Consultation

9.1

Cleve Cameron

Email: cleve.cameron@lockydock.com

Dear Cleve,

Re: Support for the installation of a Locky Dock station on High Street, Motueka

The Motueka Community Board is pleased to express its support for the proposed installation of a Locky Dock secure bike and eBike docking station on High Street, Motueka. The suggested location, near Beetroot Grocery and Matthew Eyewear where the footpath widens, appears to provide a suitable and practical site that would allow the facility to be installed without impacting pedestrian flow.

The Board understands that this initiative forms part of a wider regional network being developed in partnership with Tasman District Council, Nelson City Council, and the Great Taste Trails. The aim of this network is to provide secure parking and charging infrastructure for both bicycles and eBikes, supporting increased cycling uptake among local residents while also enhancing the experience for visitors travelling through the region by bike.

Motueka is a key gateway to the Great Taste Trail and continues to see growing numbers of both recreational and long distance cyclists. The provision of secure docking and charging facilities within the town centre would encourage riders to stop, visit local businesses, and spend time in the township. This aligns strongly with the Board's objectives of supporting sustainable transport options, strengthening Motueka's visitor economy, and improving accessibility within our community.

The Board is particularly supportive of the funding model proposed for the Locky Dock network, which removes both capital and ongoing operational costs for council while providing a free to use facility for the public. Initiatives that reduce barriers to cycling and enable more people to ride more often are strongly aligned with both local and regional transport and sustainability goals.

For these reasons, the Motueka Community Board supports the installation of a Locky Dock station at the proposed High Street location and welcomes continued collaboration between the project partners to deliver this infrastructure for the Motueka community and visiting cyclists.

Kind Regards,

Claire Hutt
Chair, Motueka Community Board

Re. Golden Bay cycle and Walkway Society

To whom it may concern,

Kia ora

The Golden Bay Community Board is pleased to provide this letter of strong support for the Takaka Collingwood Trail project and its application to the Department of Internal Affairs Facilities Fund.

Golden Bay is a rural and geographically isolated community, and transport accessibility is a long-standing challenge for many of our residents. The proposed shared trail directly addresses key priorities of the Facilities Fund by improving equity, accessibility, safety, and community resilience through a locally led initiative with wide community backing.

The trail will provide safe, inclusive access between Takaka, Collingwood and the communities in between, enabling people of all ages and abilities to travel independently. Of particular importance is the ability for children and young people to travel safely to school or to school bus stops without relying on private vehicles. The current road is narrow, heavily trafficked, and widely regarded as unsafe for cyclists and pedestrians. Separating vulnerable road users from traffic will significantly reduce risk and improve safety outcomes for both cyclists and heavy vehicle operators, whose drivers have expressed strong support for a dedicated off-road facility.

Transport disadvantage is a real and often hidden expression of poverty in rural communities. The shared trail offers a low-cost, reliable means of transport for people on limited incomes, supporting access to education, employment, health services, and social connection. In this way, the project meaningfully advances equity and inclusion while strengthening community wellbeing.

The trail will also play an important role in building community capability and resilience. In emergency or natural disaster situations, having a safe, off-road transport corridor provides an alternative route for movement when roads may be compromised. This contributes to local preparedness and strengthens our community's ability to respond to and recover from adverse events.

Chairperson Grant Knowles: Grant.Knowles@tasman.govt.nz

Golden Bay Community Board

Tasman District Council

From an environmental and sustainability perspective, the project supports mode shift away from vehicle dependency, aligns with climate and sustainability goals, and encourages active transport as a normal part of daily life. In addition, the trail is expected to attract cycle tourists, particularly in the shoulder seasons, providing a welcome boost to local businesses and the wider Golden Bay economy.

The Takaka Collingwood Trail is a community-driven project with broad public support. It reflects careful planning, collaboration, and a clear understanding of local needs. The Golden Bay Community Board considers this project to be essential infrastructure that will deliver long-term social, economic, environmental, and safety benefits for our region.

We strongly support this application and encourage the Department of Internal Affairs to give it favourable consideration.

To whom it may concern

Kia ora

The Golden Bay Community Board offers its strong support for the Motueka Swimming Pool project and its funding applications.

Golden Bay is a rural, geographically isolated community without access to an all-year swimming facility—a long-standing challenge despite our many beaches and rivers. The proposed Motueka community pool directly aligns with the Facilities Fund priorities by improving equity, accessibility, safety, and community resilience through a locally led, widely supported initiative.

An all-season pool will provide essential opportunities for Golden Bay residents to learn to swim and improve water safety in a country where drownings remain a significant concern. Shared access to this facility will help address the disadvantages faced by isolated communities, supporting water safety, health, and social connection while promoting equity and wellbeing.

This community-driven project has broad public backing and reflects careful planning and collaboration. The Golden Bay Community Board considers it essential infrastructure that will deliver lasting social, economic, and safety benefits for our region.

We strongly support this application and encourage potential funding organisations to give it favourable consideration

Golden Bay Community Board General Actions Update – March 2026

15 September 2025

Lynne Hall to advise current community board members via email of the outcome of the Shade House Project – currently sitting with the Ministry for Education.

Shadehouse building complete, Usable for now but requires further work to tidy up and secure.

15 December 2025

Action:

Erin Hawke to notify Board Members when the Minister approves notification for Plan Change 84.

Plan Change 84 still on hold, no word yet from the Minister.

Action:

Joseph Thomas to provide the Board with a presentation to the next meeting regarding the science of aquifers, how nitrogen travels through the aquifers and how much of the nitrate comes directly from the farms.

This will be a presentation to the Board 30th March 2026.

Action:

Erin Hawke to liaise with Joseph Thomas regarding a tour around the monitoring sites in Golden Bay.

Action:

Erin Hawke to update the Board after each Manawhenua ki Mohua hui and provide with a copy of the cultural monitoring report.

Kat Bunting and Erin Hawke attended a hui with Ngāti Tama and MKM – which is the relationship forum established under the WCO. The Board sought to be kept informed and requested to view the Methodology Report that has been prepared ahead of the Cultural Health Monitoring Report.

However, the feedback from our discussion was that the **Board might like to reach out directly to Margie Little for an update or to invite her to attend one of your meetings**. The Methodology Report, while finalised needs to go through the CEs of the Iwi Trusts before being released to Council – this is **likely to occur in April 2026**. At that point we will be able to share it with the Board.

Action:

Councillor Butler to arrange a meeting between the Chair of the Pakawau Residents Association and Stephen Batt.

16 February 2026

Action:

Chief Operating Officer, Steve Manners, to liaise with Finance regarding the Mount Burnett electricity charge.

Team Leader, Management Accounting, Paul Egan, advised that this electricity charge will be allocated to Emergency Management.

30 March 2026

Action:

Have a small working group to take the lead with the Motupipi State Highway corner/pedestrian crossing and talk to Robert Deck (Senior Road Engineer).

Action:

Depending on the nature of the Rotati Poem Boulder Discussion, Chair Knowles to engage with Council staff on bringing back a paper for a decision of the Community Board.

Action:

Chair Knowles to write a letter to Waka Kotahi NZ Transport Agency (NZTA) to consider Motueka as a place for practical driving tests to have conducted.
